Attorney docket 34724-076

UTILITY APPLICATION: 12/867,566 filed August 13, 2010
Attorney docket 34724-076 US (765)

Assignor is a joint inventor of the above invention (the "Invention") described in United States provisional patent applications, an International patent application, and a United States utility patent application (the "Applications") bearing the U.S. Patent and Trademark Office serial numbers and filing dates as indicated above, and an International serial number and filing date as indicated above, and having as a title the above name for the Invention.

For valuable consideration, receipt of which is acknowledged, each Assignor hereby assigns to Assignee (which term shall include Assignee's successors and assigns), all of Assignor's right, title and interest in the Invention, all improvements therein, the Applications and all priority rights arising therefrom, and any patents and any reissues and extensions thereof, which issue in any country upon any patent applications, which correspond with any of the

following: the Applications, any divisional, continuation-in-whole, or substitute United States application which is based on the Applications; or any continuation-in-part United States application (including divisions, continuations-in-whole or -in-part, and substitutions thereof or therefore) based in-part on any of the above described applications.

Each Assignor further agrees that such Assignor and Assignor's heirs and legal representatives will, without further consideration, cooperate with Assignee in the prosecution of all of the above applications, execute, verify, acknowledge and deliver all such further papers, including applications for patents and for reissues and extensions therefore, and instruments of assignment and transfer thereof, and will communicate any facts known to Assignor relating to the Invention, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto to Assignee. Each Assignor further agrees that such Assignor will, without further compensation to Assignor during the terms of such Assignor's employment by Assignee and thereafter for reasonable compensation as determined by Assignee, perform such other acts as may be reasonably required when requested by Assignee, including attending depositions, preparing and executing declarations and affidavits and testifying as a witness, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee.

IN WITNESS WHEREOF, each Assignor hereby executes this instrument on the date set forth below.
