3. For One Dollar and other good and valuable consideration paid to me:
  - a. I assign to the Assignee my entire interest in the invention, the patent application, the Letters Patent that may issue from the patent application, and any and all divisions, continuations, continuations-in-part, reexaminations, reissues, or extensions of the patent application or Letters Patent and any prior patent applications on the invention whose priority the patent application claims, as well as all rights of priority resulting from the filing of the application.
