## ASSIGNMENT AND ASSUMPTION

THIS ASSIGNMENT AND ASSUMPTION (this "**Assignment**") is made and entered into and is effective as of July 3, 2008 (the "**Effective Date**"), by and between Richard J. Ditzik, an individual ("**Assignor**"), and NetAirus Systems LLC, a California limited liability company ("**Assignee**"), with reference to the following Recitals.

### Recitals

A. Assignor has created and developed certain technologies, products and/or systems as evidenced by the following U.S. Patents (collectively, the "**Patents**"): :

# 5,668,570  
# 6,064,373  
# 6,064,373 C1  
# 6,326,955 B2  
# 7,091,961 B2

B. Assignor now desires to contribute and assign his entire right, title and interest in, to and under the Patents, and all related tangible and intangible personal property (including all related intellectual property and all pending or prospective claims against persons infringing thereon), to Assignee (collectively, the "**Assigned Property**").

C. Assignee desires to accept such assignment on, and subject to, the terms and conditions set forth in this Assignment.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

### Agreement

1. Assignment. In consideration of the assumption of liabilities and obligations set forth in paragraph 2 below, Assignor hereby contributes, assigns, conveys, transfers and delivers to Assignee all of Assignor's right, title and interest in and to the Assigned Property, and Assignee hereby accepts such assignment and agrees to assume performance of all terms, covenants and conditions of Assignor occurring or arising with respect to the Assigned Property, whether occurring or arising before or after the Effective Date.

2. Assumption of Obligations. By acceptance of this Assignment, Assignee hereby assumes and agrees to timely discharge, perform and to be bound by all of the liabilities, duties and obligations of every kind and nature of Assignor under and with respect to the Assigned Property, whether occurring or arising before or after the Effective Date.

3. Successors and Assigns. This Assignment shall be binding upon and shall inure to the benefit of the successors and assigns of the respective parties hereto.

4. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of California.

5. Incorporation of Recitals. The Recitals hereto are an essential part of this Assignment, and are hereby incorporated into and made a part of this Assignment.

6. Further Assurances. The parties covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out this Assignment and the assumption of Assignor's obligations under and with respect to the Assigned Property, including without limitation all required assignments and filings with the U.S. Patent and Trademark Office.

IN WITNESS WHEREOF, this Assignment has been executed by the parties as of the date first set forth above.
