Brian Gaffney	Cambridge	UK
---------------	-----------	----

have sold, assigned and transferred, and do hereby sell, assign and transfer unto DecaWave Limited, a corporation of Ireland, having its principal office at Digital Depot, Adelaide Chambers, Peter Street, Dublin 8, Ireland, and its successors, assigns, and legal representatives, the entire right, title and interest for the United States of America in and to certain inventions relating to improvements in:

A receiver for use in an ultra-wideband communication system

I hereby also sell, assign and transfer unto said DecaWave, the entire right, title and interest in and to said invention, and in and to applications for Letters Patent therefor in all countries foreign to the United States of America, including all rights under any and all international conventions and treaties in respect of said inventions and said applications for Letters Patent in foreign countries, and I further authorize said DecaWave, to apply for Letters Patent in foreign countries directly in its own name, and to claim the priority of the filing date of said application for Letters Patent of the United States of America under the provisions of any and all international conventions and treaties.
