**AMENDED AND RESTATED PATENT AND TRADEMARK SECURITY
AGREEMENT**

THIS AMENDED AND RESTATED PATENT AND TRADEMARK SECURITY AGREEMENT (this "Agreement"), dated as of June 17th 2004, and amended and restated in its entirety as of September 21, 2010 is by WOODS EQUIPMENT COMPANY, a Delaware corporation ("WEC") and GENWOODS HOLDCO, LLC, a Delaware limited liability company ("Parent" and, together with WEC, collectively, the "Grantors" and each, individually a "Grantor"), in favor of BANK OF AMERICA, N.A. (as successor in interest to LASALLE BUSINESS CREDIT, LLC), in its capacity as administrative agent (in such capacity, the "Administrative Agent").

RECITALS

A. Parent and WEC have agreed to enter into a certain Eleventh Amendment to Credit Agreement (the "Eleventh Amendment") dated as of the date hereof with the Administrative Agent, the Lenders (as defined in the Credit Agreement referenced below) and the Issuing Bank (as defined in the Credit Agreement) pursuant to which that certain Credit Agreement dated as of June 17, 2004 among the Grantors, the various financial institutions party thereto as lenders and the Administrative Agent will be amended and restated in its entirety (and as the same may be amended, restated, supplemented or otherwise modified from and after the Eleventh Amendment Effective Date (as defined therein), the "Credit Agreement") as of the date hereof.

B. Each Grantor has entered into that certain Guaranty and Collateral Agreement dated as of June 17, 2004 and amended and restated as of the date hereof (as amended, restated, supplemented or otherwise modified from time to time after the Eleventh Amendment Effective Date, the "Guaranty and Collateral Agreement") with the Administrative Agent for the benefit of the Issuing Bank and Lenders.

C. Pursuant to the Guaranty and Collateral Agreement, each Grantor is required to execute and deliver to the Administrative Agent, for itself and for the ratable benefit of the Lenders and the Issuing Bank, this Agreement.

D. Pursuant to the terms of the Guaranty and Collateral Agreement, each Grantor has granted to the Administrative Agent, for itself and for the ratable benefit of the Lenders and the Issuing Bank, a security interest in substantially all the assets of such Grantor, including all right, title and interest of such Grantor in, to and under all now owned and hereafter acquired patents, patent applications, patent licenses, trademarks, service marks, trademark applications, service mark applications and trademark and service mark licenses, and all products and proceeds thereof and goodwill associated therewith, to secure the payment of all amounts owing by such Grantor under the Credit Agreement and the other Loan Documents.

In consideration of the mutual agreements set forth herein, in the Credit Agreement and in the other Loan Documents, each Grantor does hereby re-grant and grant to the Administrative Agent, for the benefit of itself, the Lenders and the Issuing Bank, a continuing security interest in

all of such Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired:

- (1) each trademark and service mark registration and trademark and service mark application for registration, including, without limitation, each trademark and service mark registration and trademark and service mark application for registration referred to in Schedule 1 annexed hereto, together with any renewals or extensions thereof, and all goodwill associated therewith;
- (2) each trademark and service mark license granting to Grantors any rights in trademark or service marks to which a Grantor is a party, including, without limitation, each trademark and service mark license listed on Schedule 1 annexed hereto;
- (3) all products and proceeds of the foregoing, including, without limitation, any claim by such Grantor against third parties for past, present or future infringement of any trademark, service mark or license thereof (items 1 through 3 being herein collectively referred to as the "Trademark Collateral");
- (4) each patent and patent application, including, without limitation, each patent and patent application referred to in Schedule 2 annexed hereto, together with any reissues, continuations or extensions thereof;
- (5) each patent license granting to Grantors any rights in patents to which a Grantor is a party, including, without limitation, each patent license listed on Schedule 2 annexed hereto;
- (6) all products and proceeds of the foregoing, including, without limitation, any claim by such Grantor against third parties for past, present or future infringement of any patent or license thereof (items 4 through 6 being herein collectively referred to as the "Patent Collateral").

This security interest is granted in conjunction with the security interests granted to the Administrative Agent pursuant to the Guaranty and Collateral Agreement and subject to limitations set forth therein. Each Grantor and the Administrative Agent hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral and the Patent Collateral made and granted hereby are more fully set forth in the Credit Agreement and Guaranty and Collateral Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. Capitalized terms used but not defined herein have the respective meanings ascribed thereto in the Guaranty and Collateral Agreement and/or the Credit Agreement, as applicable.

This Agreement amends and restates in full the terms and provisions of the Patent and Trademark Security Agreement dated as of June 17, 2004. The execution and delivery of this Agreement and any related documents, certificates or instruments, as deemed necessary or appropriate pursuant hereto, are not intended and should not be construed to effect (with respect to the Patent Collateral and the Trademark Collateral owned by any of the Grantors in which the Administrative Agent retains a security interest or Lien heretofore granted pursuant to the Patent

and Trademark Security Agreement dated as of June 17, 2004 or any related documents, certificates or instruments heretofore executed) a novation or otherwise to release such security interest or Lien, all of which shall remain in full force and effect.
