AGREEMENTS

In consideration of and in exchange for good and valuable consideration, the sufficiency and receipt of which is acknowledged, Assignors agree as follows:

1. Assignors acknowledge that they are the original, first, and joint inventor of the Invention.
2. Assignors assign and transfer to Assignee the entire right and title to the Invention, and to any and all patent applications filed thereon in the U.S. and foreign countries, and to claim priority of any and all patent applications, and to any and all divisions, continuations or continuations-in-part thereof, and to any and all regular applications based on any provisional application, and to any and all improvements in the Invention made by Assignors, or made jointly with others, and to any and all patents based thereon, in the U.S. and foreign countries, and to any and all reissues or extensions thereof.

3. Assignors agree to execute and deliver, without further consideration, any further documents, and to perform such other acts as they lawfully may, that may be deemed necessary by the Assignee, to secure its interest, and to obtain or maintain applications and/or patents in any and all countries.

4. Assignors authorize and request the Commissioner of Patents and Trademarks to issue any and all patents which may be granted upon any and all applications referred to herein, to the Assignee.

5. Assignors authorize the Assignee to insert in this Assignment document the filing date, serial number, patent number and/or issue date of any patent application and/or patent referred to herein, when ascertained.

6. Assignors acknowledge that they have the right to make this Assignment and that they have not made another assignment, license or other agreement affecting the rights conveyed.

7. This Assignment shall be binding upon and inure to the benefit of the Assignors and the Assignee, and their heirs, successors and/or assigns.
