**RELICENSING AGREEMENT, AND LICENSING AGREEMENT AFFIRMATION**

Whereas I, Patricia Londino ("Owner") of 123 Colorado Avenue, Watertown, New York 13601 have invented certain new and useful improvements as disclosed in US Patent 7,387,208 and US Patent Applications 11/770,877 and 12/135,293 (collectively referred to as the "Technology") and am the Owner of this patent and these patent applications and this Technology;

Whereas I incorporated Medication Compliance Technology, Inc. ("MCT") on May 4, 2007;

Whereas I am the President and Treasurer of MCT;

Whereas it was my intention at the time of said incorporation for MCT to be the vehicle through which I could commercialize said technology; and

Whereas it was also by intention to license MCT to relicense said technology as my sole and exclusive licensing agent;

Now, therefore, for good and valuable consideration, I, by these presents, do declare, attest and affirm that:

1. I intended at the time MCT was incorporated on May 4, 2007 to grant MCT the authority to act as my sole and exclusive licensing agent for said Technology, said authority to be exercised solely and exclusively through me, by my written authorization in my capacity as President of MCT.
2. I did so grant the authority recited in paragraph 1 above to MCT, effective May 4, 2007.
3. To the extent required to avert any uncertainty, I hereby grant to MCT, retroactively to May 4, 2007, the authority to act and have acted as my sole and exclusive licensing agent for said Technology, said authority to be exercised and have been exercised solely and exclusively through my written authorization in my capacity as President of MCT.
4. The foregoing expressly includes a licensing agreement entered into with Schering Corporation ("Schering Agreement"), which agreement was executed with an effective date of September 17, 2010, and signed by me as President of MCT. Said Schering Agreement in redacted form has been filed with the United States Patent Office on October 4, 2010 for recordation but does not yet have a reel / frame assigned.
5. To the extent required to avert any uncertainty, I also affirm and agree to all terms of the Schering Agreement, in my capacity as the Owner of said Technology and the foregoing patent and patent applications, as fully and completely as if I had executed the Schering Agreement in my capacity as the owner of said Technology.
