[x] for which an application for a United States patent was filed on 18 May 2007, having
application number 11/804,653, and subsequently issued as US patent no. **7,375,803** on **20
May 2008**; and

WHEREAS,

CANESTA, INC., a corporation of the State of California having a place of business at 1156
Sonora Court, Sunnyvale, CA 94086 (hereinafter termed "Assignee"), is desirous of acquiring
the entire right, title and interest in and to said application and the invention disclosed therein,
and in and to all embodiments of the invention, heretofore conceived, made or discovered jointly
or severally by said Inventors (all collectively hereinafter termed "said invention"), and in and to
any and all patents, inventor's certificates and other forms of protection (hereinafter termed
"patents") thereon granted in the United States and/or foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by
said Inventors to have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey unto said Assignee, the
entire right, title and interest (a) in and to said application and said invention; (b) in and to all
rights to apply for foreign patents on said invention pursuant to the International Convention for
the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and
any and all patents granted on said invention in the United States and/or any foreign country,
including each and every application filed and each and every patent granted on any application
which is a division, substitution, or continuation of any of said applications; and (d) in and to
each and every reissue or extensions of any of said patents.

2. Said Inventors hereby jointly and severally covenant and agree to cooperate with
said Assignee to enable said Assignee to enjoy to the fullest extent the right title and interest
herein conveyed in the United States and/or foreign countries. Such cooperation by said
Inventors shall include prompt production of pertinent facts and documents, giving of testimony,
execution of petitions, oaths, specifications, declarations or other papers, and other assistance
all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said
Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said
applications; (c) for filing and prosecuting substitute, divisional, continuing or additional
applications covering said invention; (d) for filing and prosecuting applications for reissuance of
any said patents; (e) for interference or other priority proceedings involving said invention; and
(f) for legal proceedings involving said invention and any applications therefor and any patents
granted thereon, including without limitation opposition proceedings, cancellation proceedings,

priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventors in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventors, their respective heirs, legal representatives and assigns.

4. Said Inventors hereby jointly and severally warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, the said Inventors have executed and delivered this instrument to said Assignee as of the dates below written adjacent to each of their respective signatures.
