CONFIRMATORY ASSIGNMENT

Whereas, I, **Brian Galeote**, citizen of Canada, residing at **53 Winchester Drive, Kanata, Ontario, K2L 2R3, Canada**, in the course of my work at and/or for the National Research Council of Canada have made an invention for which I have made application for Letters Patent of the United States of America; and

Whereas **National Research Council of Canada**, a body corporate under the *National Research Council Act* by the Parliament of Canada, and situated in the city of Ottawa, Province of Ontario, Canada, is my employer and/or maintains facilities or equipment I used in making this invention, and is the owner of my rights in this invention by action of law, namely s. 3 of *The Public Servants Inventions Act* of Canada, or by agreement;

NOW, THEREFORE, in consideration of having been provided with an opportunity to participate in scientific research at the National Research Council of Canada and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, **Brian Galeote**, did transfer to the National Research Council of Canada, and hereby confirm said transfer, the legal ownership of my full and exclusive right, for the territory of Canada and the United States of America and all other countries, including the right to claim priority, the right to file foreign applications under the provisions of the International Convention and national laws, the right to file any divisional and continuation applications and my full and exclusive right in and to said divisional and continuation applications, in and to the said invention as described and claimed in the application for patent entitled

**Kit, Method and Apparatus for Monitoring Operation of a Bearing Assembly,
Method for Producing Said Apparatus, and Bearing Assembly with a Condition
Monitor**

United States Patent Application No. **S.N. 11/889,811** filed on **August 16, 2007** in the United States of America therefor; and I hereby request the Commissioner of Patents and Trademarks to issue said Letters Patent, as far as my rights are concerned, to National Research Council of Canada, as the assignee, for the sole behoof of said National Research Council of Canada, and its legal representatives, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by me in the event that ownership rested with me, the inventor. In addition, I confirm that the National Research Council of Canada has full rights to

1/2

abandon the invention and any related patents or patent applications or any aspect thereof and to license, further assign, and otherwise deal with the rights in any and all jurisdictions at its sole discretion and without providing compensation to me.

The inventor signing this document acknowledges that, except as explicitly noted herein, his/her entire inventive contribution made toward this invention was completed in the course of his/her work with and/or for the National Research Council of Canada and no other person or organization has any claim to his/her rights in the invention or any aspect thereof and the inventor has not granted or purported to grant rights in the invention to any other party or organization at any time.

This document has been read and understood prior to signature. Receipt of sufficient opportunity to seek clarification of any concerns is acknowledged.
