THIS Assignment is

BETWEEN STMicroelectronics S.r.l., a Corporation having a place of business at Via C. Olivetti, 2, Agrate Brianza, Italy 20041 (hereinafter the "Assignor"), who assigns all of their rights, title and interest in the United States application set forth in Appendix A and in the inventions covered by said application; and

EASTMAN KODAK COMPANY, of 343 State Street, Rochester, New York 14650, United States of America, a Corporation of the State of New Jersey (hereinafter the "Assignee"), who wants to acquire the entire right, title and interest of Assignor in the aforesaid applications/patents and the inventions covered thereby.

THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor does hereby assign unto Assignee its entire right, title and interest in and to said inventions covered by said applications/patents, and all corresponding applications/patents and patent applications/patents in countries other than the United States, and all reissues, divisions and extensions thereof and to any Letters Patent which have or may issue based thereon, all of which are encompassed herein by the term "Applications/Patents", including all claims for damage for past infringement thereof; the same to be held and enjoyed by Assignee, its successors, and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made.

Assignor also agrees that it will, at Assignee's request, render such lawful cooperation and assistance as may be necessary for the proper maintenance and enforcement of said applications/patents, provided, however, that Assignor may condition its compliance with such a request on Assignee's agreement to pay Assignor reasonable out-of-pocket expenses in connection therewith.

This document shall be construed, interpreted and applied in accordance with the laws of the State of New York.
