WITNESSETH: That,

WHEREAS, we are the joint inventors of certain new and useful improvements in **FUNNEL FOR REPLENISHING AUTOMATED PHARMACY MACHINE** for which a design application was filed in the United States Patent and Trademark Office on July 16, 2010 and assigned **Application Serial No. 29/365,910**; and

WHEREAS, **PARATA Systems, LLC**, a Delaware limited liability company having a principal place of business at 2600 Meridian Parkway, Durham, North Carolina 27713, hereinafter referred to as Assignee, is desirous of acquiring its employees' entire right, title, and interest in and to said invention as described in said design application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have sold and by these presents do confirm that we have assigned, transferred, and conveyed unto the said Assignee, its successors and assigns, the entire right, title, and interest in and to the said invention(s) and design application, and in and to any and all subsequent patent applications which claim the benefit of priority from said design application including PCT applications and national stage applications thereof, including all continuations or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted for the invention(s) in or on applications claiming the benefit of priority from said design application, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereof or therefor, together with the right to claim the benefit of priority from said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by us if this assignment and sale had not been made.
