Dear Sir/Madam:

This is a request to correct assignments that were filed on July 28, 2010 by Timothy W. Lohse. The subject properties (U.S. Patent No. 7,603,311 and Application Serial No. 12/576,147) remained unassigned until April 15, 2010. Purple Leaf, LLC is the correct owner, and the previously recorded document was submitted with erroneous information on July 28, 2010 on Reel/Frame: 024741/0843.

I am the inventor of Application Serial No. 09/721/728. I filed this application on Nov 25, 2000 as an independent inventor. After receiving a final rejection on March 30, 2006, I retained attorney Timothy W. Lohse to prosecute my patent application, which ultimately issued as U.S. Patent No. 7,603,311. On Oct. 8, 2009 Continuation Application Serial No. 12/576,147 was filed.

The chain of title for U.S. Patent No. 7,603,311 and Application Serial No. 12/576,147 should not be considered altered by the incorrect assignment, Purple Leaf, LLC is the correct Assignee.

Attorney Timothy W. Lohse did not provide me (inventor) an opportunity to review the Assignment document prior to filing with the U.S. Patent and Trademark Office.

Attorney Timothy W. Lohse did not provide me an opportunity to review a draft of the assignment prior to its submission to the U.S. Patent and Trademark Office. This assignment (Exhibit 2) contained 12 applications/patents.

Timothy W. Lohse included properties (U.S. Patent No. 7,603,311 and Application Serial No. 12/576,147) in the assignment which he recorded in U.S. Patent and Trademark Office. Timothy W. Lohse should not have listed U.S. Patent No. 7,603,311 and Application Serial No. 12/576,147. If I have reviewed the document, I would have caught them and removed them.

The document submitted by Timothy W. Lohse providing proof of assignment was incomplete and contained errors. The Intellectual Property Assignment Agreement (Exhibit 2) filed by Timothy W. Lohse did not display Schedule A (Exhibit 3).

On July 28, 2010, Timothy W. Lohse wrongfully, and without privilege (Exhibit 1), caused to be recorded an incomplete and misleading copy of the Assignment Agreement in the U.S. Patent and Trademark Office. The copy the Assignment Agreement so recorded omitted Schedule A (Exhibit 4) of the Assignment Agreement, but included only Schedule B (Exhibit 3). The copy the Assignment Agreement also shows the name of the company to be "Construction Navigator, Inc" (Exhibit 4), not the assignee name of "Navigator Technology, Inc" (Exhibit 2) further highlighting the obvious errors.

In view of the foregoing arguments, the recorded assignment of Patent No. 7,603,311 and Application Serial No. 12/576,147 contained in Reel/Frame 024741/0843 is improper and therefore should be removed.

The last correct assignee has been, and continues to be, the owner of the patent, Purple Leaf, LLC. The chain of title for U.S. Patent No. 7,603,311 and Application Serial No. 12/576,147 should not be considered altered by the incorrect assignment, Purple Leaf, LLC is the correct Assignee. No request is being made to reassign the Assignment as it relates to the remaining 10 patent application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
