ASSIGNMENT

This Assignment made by THE FOUNDRY, LLC, a California limited liability company, Assignor, having a place of business at 199 Jefferson Drive, Menlo Park, California, 94025 to CABOCHON AESTHETICS, INC., a Delaware corporation, Assignee, having a place of business at 127 Independence Avenue, Menlo Park, California, 94025.

WHEREAS, Assignor has received the entire right, title, and interest by means of an assignment to a new and useful METHOD FOR TREATING SUBCUTANEOUS TISSUES and to patent applications filed thereon, in particular, to a U.S. utility patent application having Application No. 11/292,950 and filing date of December 2, 2005 (referred to as the "invention" and the "application"); and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title, and interest in and to said invention, said application, and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, the entire right, title, and interest in and to said invention, said application, including all divisions, reissues, continuations, continuations-in-part, reexaminations, and extensions thereof, and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, it and its legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, maintaining, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

ASSIGNMENT

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part, reissue application, reexamination certificate, or extension thereof, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, the parties have executed this Assignment on the date written herein below by their respective and duly authorized officers.
