WHEREAS, Assignors were the creators of and/or received an assignment for the above listed Letters Patent on March 29, 2010, and have agreed to assign the above Letters Patent to Riley Investments, LLC, a California limited liability company, and having an office and place of business at 921 Transport Way - Suite 3, Petaluma, CA 94954 (hereinafter "Assignee").

AND WHEREAS, Assignee is desirous of acquiring the entire right, title and interest in and to said inventions, improvements and applications and in and to the Letters Patent to be obtained therefore, and the patents registered thus far;

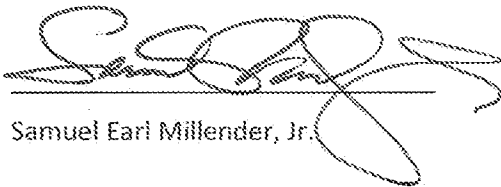

NOW THEREFORE, to all whom it may concern, be it known that for and in consideration of the sum of One Dollar and other good and valuable considerations, the receipt and sufficiency whereof is hereby acknowledged, we have sold, assigned, and transferred, and by these presents do sell, assign and transfer unto said Assignee, its successors or assigns, effective date March 31, 2010, the entire right, title and interest for all countries in and to all inventions and improvements disclosed in the aforesaid applications and patent, and in and to the application, all divisions, continuations, or renewals thereof, all Letters Patent which may be granted therefrom and which have been granted, and all reissues or extensions of such patents, and in and to any and all applications which have been or shall be filed in any foreign countries for Letters Patent on the inventions and improvements, including an assignment of all rights under the provisions of the International Convention, and all Letters Patent of foreign countries which may be granted therefrom; and we do hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all United States Letters Patent for the aforesaid inventions and improvements to the Assignee as the assignee of the entire right, title and interest in and to the same, for the use of the Assignee, its successors and assigns. The inventions listed above and all applications and patents are to be held by said Assignee and its successors, and/or assigns to the full end of the term or terms for which patents may be granted, as fully and entirely as the same would have been held by Assignors had this assignment not been made. Assignors further assign to Assignee any/all right to sue and collect damages for any and all past, present and future

infringement of any rights in the inventions and designs. Assignors hereby authorize and request the Patent Office officials of any and all foreign countries to issue any and all of said patents, when granted, to said Assignee.

AND, for the consideration aforesaid, we do hereby agree that we and our executors and legal representatives will make, execute and deliver any and all other instruments in writing including any and all further application papers, affidavits, assignments and other documents, and will communicate to said Assignee, its successors and representatives all facts known to us relating to said improvements and the history thereof and will testify in all legal proceedings and generally do all things which may be necessary or desirable more effectually to secure to and vest in said Assignee, its successors or assigns the entire right, title and interest in and to the improvements, inventions, applications, Letters Patent, rights, titles, benefits, privileges and advantages hereby sold, assigned and conveyed, or intended so to be.

AND, furthermore we covenant and agree with said Assignee, its successors and assigns, that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by us and that full right to convey the same as herein expressed is possessed by us.

IN TESTIMONY WHEREOF, I have hereunto set my hand this 12 day of October, 2010.

Samuel Earl Millender, Jr.
