1 Definitions

1.1 In this Deed, unless the context requires another meaning:

Trade Marks means the trade mark registrations and applications, and the unregistered trade marks, set out in Annexure 1.

Patents means the patents and/or patent applications set out in Annexure 2.

Interpretation

2 Assignor's warranty

The Assignor warrants to the Assignee that it is fully entitled to transfer and assign all right, title and interest in and to the Trade Marks and the Patents to the Assignee, without requiring the consent of any person.

3 Assignment

- 3.1 In consideration of the sum of \$10.00 now paid by the Assignee to the Assignor, receipt of which the Assignor acknowledges, with effect from the date of this Deed the Assignor assigns to the Assignee absolutely all of its rights, title and interest in:

5 Further Acts

The Assignor will do, at the Assignee's expense, such further acts, deeds and things, and execute such further documents and instruments, as may be reasonably necessary to allow the Assignee to register, evidence, or enforce its rights and interest in and to the Trade Marks and the Patents, and to enable the Assignee to have the full unencumbered benefit of the rights assigned under this Deed.

6 Application to the Registrar

The Assignee may apply to the Registrar to register the transfer of ownership of the Trade Marks and the Patents from the Assignor to the Assignee.

7 Nomination

The Assignee may assign the benefit of this Deed to a third party without the Assignor's consent.

- 8.2 This Deed may not be varied except in writing signed by both the parties.
- 8.3 If any provision of this Deed is held by a court to be unlawful, invalid, unenforceable or in conflict with any rule or law, statute, ordinance or regulation, it is to be severed so that the validity and enforceability of the remaining provisions are not affected.
