CONFIRMATORY ASSIGNMENT

WHEREAS WE, **Jacob Apkarian**, whose full post office address is **1 Brian Cliff Drive, Toronto, Ontario M3B 2G7**, and **Ryan Leslie** whose full post office address is **031560 RR #4, Belwood, Ontario N0B 1J0** and (hereinafter "the Assignors") are the inventors of an invention disclosed in **United States** patent application no. **12/145,543**, filed on **June 25, 2008** entitled **Mechanical Linkage**, (hereinafter "the Application");

AND WHEREAS, **Quanser Consulting Inc.**, a corporation whose full post office address is **119 Spy Court, Markham, Ontario L3R 5H6**, (hereinafter "the Assignee"), has acquired from us, our entire right, title and interest in and to the invention, in all countries of the world, including our rights to the Application, and all related applications thereon, including any and all, international, national and regional phase applications based on the Application, and other counterpart applications in all countries, and any and all substitutes, divisionals, continuations and continuations-in-part, and any Letters Patent that may be obtained therefor, and in any and all reissues, extensions, renewals and reexaminations of such applications and patents;

AND WHEREAS we executed an assignment of the Application and the invention described therein in or about January, 2009 and we now wish to confirm such assignment,

NOW THEREFOR, for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged by all parties, the parties AGREE AS FOLLOWS:

During the period in which the invention described in the Application was made and as of June 25, 2008, the Assignors were employees of the Assignee

and by virtue of this relationship, all right, title and interest to the invention for which Letters Patent is being sought, belonged to the Assignee.

The Assignors hereby confirm that they have assigned, and hereby do assign, all of their right, title and interest for Canada, the United States of America, their respective territories, dependencies and possessions, and for all other countries in the world, in and to the invention, including the Assignors' rights to the Application, and all related applications and patents thereon, to be held and enjoyed by the Assignee, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by the Assignors, had this Assignment not been made.

The Assignors shall without further consideration do all such things and execute all such documents as may be necessary or desirable to obtain and maintain the Application for the invention, and all related applications and patents thereon, in any and all countries, and to vest title thereto in the Assignee, its successors, assigns and legal representatives or nominees.

The Assignors authorize and empower the Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any of the Applications, and all related applications and patents thereon, filed by the Assignors, or the Assignee, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from the Assignors.

The Commissioner of Patents & Trademarks is hereby authorized and requested to issue any Letters Patent for the Application, and all related applications thereon, to the Assignee, for its sole use and benefit; and for the use and benefit of its successors and assigns, to the full end of the term for which

Letters Patent may be granted, as fully and entirely as the same would have been held by the Assignors had this Assignment and sale not been made.

If a provision of this Assignment is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision of this Assignment, or the validity or enforceability in other jurisdictions of that or any other provision of this Assignment.
