ASSIGNMENT OF PATENT APPLICATIONS AND INVENTION

WHEREAS Sitemasher Corporation (the “**Assignor**”), the full post office address of whose principal office or place of business is Suite 200, 326 West 5th Avenue, Vancouver, British Columbia, Canada V5Y 1J5, is the owner of the inventions and patent applications listed in the Schedule A annexed hereto (the “**Patent Applications**”);

AND WHEREAS, SFDC International Limited (the “**Assignee**”), the full post office address of whose principal office or place of business is 33-37 Athol Street, Douglas, Isle of Man, is desirous of acquiring from the Assignor, in the United States of America and all other countries and jurisdictions throughout the world, the whole worldwide right, title and interest in and to the Patent Applications and the inventions described therein;

NOW THEREFORE, for good and valuable consideration (as further detailed in the Asset Purchase Agreement between the parties dated as of the date of this Assignment), the receipt and sufficiency of which is hereby acknowledged by the parties hereto, the Assignor does hereby sell, assign and transfer unto the Assignee, its successors and assigns, effective as of the date below written all of the Assignor’s worldwide right, title and interest in and to the Patent Applications in their respective jurisdictions as indicated in Schedule A annexed hereto and including the United States and the inventions described or claimed therein, including the subject matter of all claims which may be obtained therefrom for its own use and enjoyment and for the use and enjoyment of its successors, assigns, or other legal representatives, any and all continuations, continuations-in-part, divisions, extensions, re-examinations, renewals and substitutes for said Patent Applications, any patents which may be granted on or as a result therefrom, pending or which may be filed in the future and registrations therefore including all reissues, renewals, extensions and substitutes, together with all rights of action relating thereto and the right to claim such relief as appropriate, together with all income, royalties, damages or payments due or payable as of the date hereof or thereafter, and including all right to sue for past, present or future infringement or other unauthorized use of the inventions set forth in the Patent Applications, all the patent applications and any patents which may be granted on or as a result therefrom, to be held and enjoyed by the Assignee, its successors, assigns, or other legal representatives, to the full end of the term for any patents resulting from the Patent Applications are granted, as fully and entirely as the said patents could have been held and enjoyed by the Assignor if this assignment had not been made.

FURTHER, the Assignor covenants, agrees and undertakes to execute and deliver all such further documents as may be reasonably required to give effect to this Assignment.

This Assignment may be executed in counterparts and by means of facsimile or PDF signature, each of which once signed shall be deemed an original and all such counterparts shall constitute one and the same instrument.
