PATENT ASSIGNMENT

FOR VALUE RECEIVED, Nucon Systems, Inc. a corporation organized and existing under the laws of the State of New York having an address at 15 Paradise Plaza, Suite 231, Sarasota, Florida 34239 ("Assignor") does hereby sell, assign and transfer unto Rokon Systems, Inc. a corporation organized and existing under the laws of the State of New York, having an address at 501 Madison Avenue, 14th Floor, New York, New York 10022 ("Assignee"), its successors, assigns and legal representatives, the entire right, title and interest, for all countries in and to certain inventions relating to the "Process for the Preparation of Thick-Walled Ceramic Products," described in United States Patent No. 5,911,941.

Assignor agrees that, when requested, it will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

Assignor authorizes and empowers the said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the Patent Cooperation Treaty, the Paris Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from me.

Assignor hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the Patent Cooperation Treaty, the Paris Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

Assignor covenants with said Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that Assignor has full right to convey the same as herein expressed.
