**ASSIGNMENT**

WHEREAS, I:

Shahrad Rody Mehdizadeh of 4 Romola Drive, Great Neck, NY 11024;

have made a certain new and useful invention as set forth in an application for United States Letters Patent entitled BOTTLE, Attorney's Docket No. USN-005, Serial No. 29/365,202, filed the 6th day of July, 2010, (hereinafter referred to as "said patent application") (the hereinafter named assignee or the attorney of record for said patent application being hereby authorized to insert said Serial Number and filing date when ascertained).

NOW, for good and valuable consideration, the receipt of which is hereby acknowledged, I assign to U.S. Nonwovens Corp. of Brentwood, NY, their legal representatives, successors and assigns, the entire right, title and interest, including the right to claim priority of the filing date of said patent application under international conventions, in said invention as set forth in said patent application, including any divisional, continuation, continuation-in-part, continued prosecution, or provisional application thereof, and in all patents, including any reissued, reexamined, or extended patent thereof, of the United States and of any foreign country which may be issued for said invention, as fully and completely as the same would have been held by me had this assignment not been made. The entire right, title and interest shall vest irrevocably in U.S. Nonwovens Corp. I further agree upon request, without additional compensation but at no expense to me, to execute or assent to foreign applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to U.S. Nonwovens Corp., their legal representatives, successors and assigns, or as said U.S. Nonwovens Corp. may direct.

AND I request The Commissioner of Patents to issue any Letters Patent of the United States which may be issued for said invention to said U.S. Nonwovens Corp., their legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said patent and the invention covered thereby.
