ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, and in relation to each of our respective one-hundred-percent (100%) undivided interests in the subject matter of this Assignment, we the undersigned, who are two of the three inventors of the subject matter of this Assignment,

Russell A. Monk
Thomas S. Ohnstad

1. Hereby sell, assign and transfer to High Impact Technology, L.L.C., having a place of business at 9900 SW Tigard Street, Tigard, Oregon 97223, its successors, assigns and legal representatives, the entire right, title and interest in those, our above-identified, undivided interests for the United States and all foreign countries: (a) in and to any and all inventions which are disclosed in the applications, provisional, regular and PCT, which are

(b) in and to the applications and all utility, divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said inventions; and (c) in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said inventions;

2. Agree that the Assignee, with respect specifically to our hereby assigned interests, may apply for and receive Letters Patent for said inventions in its own name to the same extent that we might do so; and that, when requested, (at the expense of the Assignee, its successors, assigns and legal representatives), the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions; execute all rightful oaths, assignments, powers of attorney and other

papers; communicate to the Assignee, its successors, assigns, and representatives, all facts known to the undersigned relating to said inventions and the history thereof; and generally to do everything reasonable which the Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining appropriate patent protection for said inventions and for vesting title to our 100% undivided interests in said inventions and all applications for patents and all patents on said inventions, in the Assignee, its successors, assigns and legal representatives; and

3. Covenant with the Assignee, its successors, assigns and legal representatives, and recognizing that we are two of the three of the inventors of the subject matter of this Assignment, that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey our respective interests as herein expressed is possessed by the undersigned.
