PATENT AND INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

THIS AGREEMENT is made on the 10th day of November 2010 by and between Promotel, Inc. ("Promotel"), a company incorporated in the State of California, and Ring Plus, Inc. ("Ring Plus"), a company incorporated in the State of Texas.

WHEREAS, Promotel agrees to assign to Ring Plus its title, rights and interest in and to its patent;

WHEREAS, Promotel and Ring Plus wish to document by formal assignment to Ring Plus of Promotel's title, interest and rights in and to its patent.

Promotel and Ring Plus therefore agree as follows:

1. "Assigned Patent" shall mean the issued U.S. Patent No. 7227929 B2, including, but not limited to, (i) all know-how, trade secrets, discoveries, concepts, ideas, technologies, whether patentable or not, including processes, methods, formulas and techniques related to the foregoing, any and all written, unpatented technical or scientific information developed or acquired by Promotel, including laboratory and clinical notebooks, research data, research memoranda, computer software (including source code), computer records, scientist's notes, consultant reports, research reports from third parties, abandoned patent applications, invention disclosures, patentability reports and searches, patent and literature references, and the like developed or acquired before the date hereof related to such patents and patent applications; (ii) any and all copyrights, copyright registrations and copyrightable subject matter owned or controlled by Promotel related to such patents and patent applications; and (iii) any trademarks related to such patents or patent applications.

2. For good and valuable consideration, receipt of which is hereby acknowledged, Promotel hereby assigns to Ring Plus all of the right, title and interest in the Assigned Patent and all divisions, continuations, reissues, re-examinations and extensions of the Assigned Patent. Promotel further acknowledges that included in this assignment is the right to bring suit to enforce the Assigned Patent against activities which occurred before the date of this Agreement.

3. Promotel agrees to execute upon the request of Ring Plus any assignment paper or other document reasonably necessary to evidence the assignment of the rights hereunder to Ring Plus, and agrees to cooperate with Ring Plus in all other matters relating to the assignment of these rights to Ring Plus.

4. This Agreement shall be construed in accordance with and governed by the laws of the State of California, excluding any choice of law rules which direct the application of the laws of another jurisdiction.

5. This Agreement, together with the Asset Purchase Agreement, constitutes the sole understanding of the parties with respect to the transactions provided herein and supersedes and merges herein any previous agreements and understandings, oral and written, between the parties hereto with respect to the subject matter hereof.

IN WITNESS WHEREOF, this Agreement was executed by Promotel and Ring Plus on November 10, 2010.
