ASSIGNMENT OF US PATENT APPLICATION AND RELATED APPLICATIONS

We, Michael J. Buerchner and Christopher N. Pericles (hereafter, "Assignors") hereby assign to CM Concepts, LLC, an Arizona limited liability company, having an address at 3145 E. Chandler Blvd., Suite 110, PMB 628, Phoenix, AZ 85048, USA (hereafter, "Assignee"), the entire right, title and interest, including to right of priority, in, to and under an application for Letters Patent of the United States entitled "Carabineer," having a first named inventor of Michael J. Buerchner and filed on or about 29 January 2010 as design application no. 29/354,205, and the invention(s) and improvement(s) set forth therein, and any and all utility conversions, continuations, continuations in part (CIPs), divisionals, and renewals of and substitutes for said application and/or patent, all utility or other filings which depend for priority from said provisional application whether in the United States or elsewhere (including any Patent Cooperation Treaty application); and any and all Letters Patent of the United States and of countries or organizations foreign thereto which may be granted thereon or therefore; and any renewals, reconstructions or extensions of said Letters Patent and/or applications.

We additionally authorize said Assignee to file applications for the aforesaid in any country or organization, to be held and enjoyed by said Assignee or its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, renewed or extended, as fully and entirely as the same would have been held and enjoyed by us had any assignment and transfer not been made. We authorize said Assignee to secure all rights to said applications in its name to the extent that such applications are currently pending or have already issued as Letters Patent. We also hereby convey any and all right for past damages or other right of action or remedy for infringement of any of the aforesaid to said Assignee.

We hereby covenant that we have the full right to convey the entire interest herein assigned, and that we have not executed and will not execute any agreement in conflict herewith. We further covenant and agree that we will, each time a request is made, and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title in any of the aforesaid applications and/or Letters Patent to said Assignee, its successors, assigns, nominees or legal representatives, and we agree to communicate to said Assignee, or to its nominee, all known facts respecting said invention(s) or improvement(s), said application and said Letters Patent and/or applications, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers, to make all rightful oaths and declarations, and generally to do everything possible to aid said Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce, for their own benefit, proper patent protection for said invention(s) or improvement(s), provided the reasonable expenses we incur in lending such cooperation and assistance are paid by said Assignee.

We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any country or countries or organization foreign to the United States whose duty it is to issue patents on applications aforesaid, or to examine or otherwise process the same, to issue to said Assignee any and all Letters Patent, including any and all Letters Patent of the United States or any country foreign to the United States, which may be issued and granted on or as result of the applications aforesaid, in accordance with the terms of this assignment, and to otherwise conduct business regarding the aforesaid Letters Patents and/or applications with said Assignee.

IN WITNESS WHEREOF, we hereunto each respectively set our hand and seal:
