We hereby also sell, assign and transfer unto **Datacap Systems, Inc.**, the entire right, title and interest in and to the invention and in and to applications for Letters Patent therefore in all countries foreign to the United States of America, including all rights under any and all international conventions and treaties in respect of the invention and the applications for Letters Patent in foreign countries, and we further authorize **Datacap Systems, Inc.** to apply for Letters Patent in foreign countries directly in its own name, and to claim priority of the filing date of the application for Letters Patent of the United States of America under the provisions of any and all international conventions and treaties.

equivalent authorities in foreign countries to issue the patents of their respective countries to **Datacap Systems, Inc.**

We agree that, when requested, we will, without charge to **Datacap Systems, Inc.**, but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for the inventions in any and all countries and for vesting title thereto in **Datacap Systems, Inc.**, its successors, assigns and legal representatives or nominees.
