WHEREAS, the Assignee is desirous of acquiring all right, title, and interest of Assignor in, to and under the Intellectual Property.

NOW, THEREFORE, This Indenture Witnesseth: That for good and valuable consideration, the adequacy and legal sufficiency of which is hereby acknowledged, the Parties hereto agree as follows:

1. The Assignor hereby assigns and transfers to the Assignee, its successors and assigns, all right, title and interest it has and may have in the Intellectual Property as set forth in the attached EXHIBIT A hereto, the invention or inventions therein shown and described, and any improvements on said inventions heretofore or hereafter made, any non-provisionals, divisions, continuations, or continuations-in-part, of all patent applications set forth in EXHIBIT A, and all patents, United States and foreign, to be granted upon any such applications, or for the invention or inventions thereof, any reissues, reexaminations, continuations, continuations-in-part, or extensions of said patents and those patents set forth in EXHIBIT A, and all rights for past and present infringement related to any patents issued or to be issued thereon; the same to be held and enjoyed by Assignee for its own use and for its successors and assigns to the full end of the terms of said Intellectual Property and any other patent applications or patents which may result from said Intellectual Property as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

2. 4. The Assignor agrees to execute any further lawful documents and take any other actions that the Assignee may consider necessary or appropriate to fully protect and vest in the Assignee the assigned rights and interests in the Intellectual Property and to assist the Assignee in the registration, maintenance, perfection, and enforcement of any of the Intellectual Property.
