PATENT ASSIGNMENT AGREEMENT

ASSIGNMENT made as of the 14th day of May, 2008 (this "Assignment") by the undersigned Action Target Inc., a Utah corporation (the "Assignor"), to Action Target Acquisition Corp., a Delaware corporation ("Assignee"). Capitalized terms used but not otherwise defined herein shall have the meanings set forth in the Purchase Agreement (as defined below).

WHEREAS, the Assignor is the owner of various patents and patent applications (including all completed or pending federal, state or foreign registrations, renewal or applications for registration or renewal of any of them) as set forth on Exhibit A attached hereto (the "Patents"); and

WHEREAS, pursuant to that certain Asset Purchase Agreement dated as of May 14, 2008 (together with the amendments, supplements, exhibits and schedules thereto, the "Purchase Agreement") between Assignee, Assignors and certain other parties named therein, Assignor desires to assign, transfer, convey and deliver, and Assignee desires to acquire, all Assignor's right, title and interest in and to all such Patents.

NOW, THEREFORE, in consideration of the mutual agreements contained herein and in the Purchase Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confirmed, Assignor hereby sells, transfers, conveys and assigns to the Assignee, its legal representatives, successors and assigns all of the Assignor's right, title and interest in and to the Patents, including, but not limited to, all claims, causes of action, actions, suits, or other proceedings, in law or in equity, for, past, present or future infringement of the Patents. Assignor further consents to the recordation of this Assignment with any government agency.

This instrument is executed by, and shall be binding upon, Assignor, its successors and assigns, for the uses and purposes above set forth and refereed to and shall inure to the benefit of Assignee, its successors and assigns.

Assignor and Assignee agree to execute all papers and to perform such other proper acts as Assignee may deem necessary to record the assignment made by this Assignment.

Assignor, from time to time after the Closing, at Assignee's request, shall execute, acknowledge and deliver to Assignee such other instruments of conveyance and transfer and will take such other actions and execute and deliver such other documents, certifications and further assurances as Assignee may reasonably require in order to vest title more effectively in Assignee, or to put Assignee more fully in possession of, any of the Patents, all at the sole cost and expense of Assignee. All of the parties hereto shall cooperate with one other and execute and deliver to the other such other instruments and documents and take such other actions as may be reasonably requested from time to time by the other party hereto as necessary to carry out, evidence and confirm the intended purposes of the Purchase Agreement, and in any event, all at the sole cost and expense of Assignee.

This Assignment is subject in all events to the terms and conditions of the Purchase Agreement and in the event of a conflict or inconsistency between this Assignment and the Purchase Agreement, the terms of the Purchase Agreement shall prevail.

Any claims and causes of action arising with respect to this Assignment shall be governed by and construed in accordance with the laws of the State of New York, without regard to the conflicts of law provisions thereof that would require the application of the law of any other jurisdiction.

[Remainder of Page Intentionally Left Blank.]

IN WITNESS WHEREOF, Assignor has caused this Assignment to be duly executed and delivered as of the date first set forth above by its representative thereunto duly authorized.
