ASSIGNMENT

WHEREAS, I, WILLIAM J. COYLE, JR., a citizen of the United States of America, residing at 35 South Gateway, Toms River, New Jersey 08753 has invented new and original ELECTRICAL CONNECTORS FOR PHOTOVOLTAIC SYSTEMS, for which a non-provisional application for United States Letters Patent was filed on October 22, 2010 as Application Serial No. 12/910,326 and on October 22, 2010 as International (PCT) Application No. PCT/US10/53714, both of which claim the benefit of U.S. Provisional Application Serial No. 61/254,770 filed October 26, 2009.

WHEREAS, HEYCO, INC., a corporation of the State of New Jersey, having an address of 1800 Industrial Way North, Toms River, New Jersey 08754, (hereinafter "Assignee"), is desirous of acquiring all right, title and interest in and to said invention, said application and any Letters Patent that may be granted thereon or therefrom.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and sets over to said Assignee his entire right, title and interest in and for the United States of America and all other countries in and to said invention and the aforesaid application, all original, non-provisional, divisional, continuation, continuation-in-part, substitute, reexamination or reissue applications and patents applied for or granted therefor or therefrom in the United States of America and all other countries, and the Commissioner of Patents and Trademarks is hereby authorized and requested to issue all patents on said applications and/or applications resulting therefrom to said Assignee herein as assignee of the entire interest therein; and the undersigned for them and their legal representatives, heirs and assigns do hereby agree and covenant, without further remuneration, to execute and deliver all original, non-provisional, divisional, continuation, continuation-in-part, reissue, reexamination and other applications for patent on said invention and all assignments thereof to said Assignee or its assigns, to communicate to said Assignee or its legal representatives all facts known to the undersigned regarding said invention, to testify in any interferences or other legal proceedings in which any of said applications or patents may become involved, to sign all lawful papers, make all rightful oaths and to do generally everything necessary to aid said Assignee, its successors, assigns and nominees in obtaining patent protection on said invention in all countries, the expenses incident to said applications to be borne and paid by said Assignee.
