ASSIGNMENT OF PATENTS

Whereas, HYDROSWING, INC., a corporation organized and existing under the laws of the State of Minnesota, referred to as "Assignor", whose principal place of business is at East 4<sup>th</sup> Street North, Cottonwood, MN 56229, owns certain inventions for which United States, International, and Foreign patents/applications ("patents") are listed in Exhibit A; and

Whereas, VGENSYS LTD, a United Kingdom corporation, whose principal place of business is at 12 Cross Street, Preston, Lancashire, PR1 3LT, United Kingdom, referred to as "Assignee", wishes to acquire the full and exclusive right, title and interest in the patents in the United States and foreign countries;

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, its successors and assigns, the full and exclusive right, title and interest in the inventions and the patents in the United States and foreign countries, for the full term(s) for which the same is granted.

Assignor covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this Assignment.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to these inventions and patents that are known and accessible to Assignor, and that Assignor will testify in any interference or litigation related thereto.

Assignor further covenants that Assignor will promptly execute and deliver to Assignee or its legal representative any documents, instruments or affidavits required to apply for, obtain, maintain, issue and enforce these inventions and patents in the United States and foreign countries.
