THIS ASSIGNMENT AND ASSUMPTION OF INTELLECTUAL PROPERTY AGREEMENT is dated as of October 25, 2010 (this "**Agreement**"), by and between Outlier, Inc., a Delaware corporation ("**Purchaser**") and Firethorn Holdings, LLC, a Georgia limited liability company ("**Company**").

R E C I T A L S:

Company and Purchaser have entered into an Asset Purchase Agreement dated October 25, 2010 (the "**Purchase Agreement**"), pursuant to which Company has agreed to sell, transfer and deliver, and Purchaser has agreed to purchase, acquire and accept the Intellectual Property used or held for use in connection with the Acquired Business, including the registered or filed Intellectual Property listed on Schedule 1 hereto (the "**Filed Intellectual Property**") and the goodwill of the business symbolized thereby, upon the terms and conditions set forth in the Purchase Agreement. All capitalized terms used herein which are not otherwise defined herein shall have the meanings ascribed to them in the Purchase Agreement.

A G R E E M E N T S:

In consideration of the above recitals, the transactions contemplated by the Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignment. Company hereby sells, transfers, assigns and delivers to Purchaser all right, title and interest of Company in and to the Filed Intellectual Property and the goodwill of the business symbolized thereby, free and clear of all Encumbrances, to be held and enjoyed by Purchaser for its own use and benefit and for the use and benefit of its parents, subsidiaries, affiliates, successors, assigns, licensees and legal representatives, as such rights would have been held and enjoyed by Company had this Agreement not been made. Notwithstanding anything contained herein or in the Purchase Agreement to the contrary, Company does not hereby sell, transfer or deliver to Purchaser any Excluded Asset by this Agreement.

2. Assumption. Purchaser hereby purchases, acquires and accepts the sale, transfer, assignment and delivery of the Filed Intellectual Property.

3. Purchase Agreement. No provision set forth in this Agreement shall be deemed to enlarge, alter or amend the terms or provisions of the Purchase Agreement. In the event of any conflict between the provisions of this Agreement and the provisions of the Purchase Agreement, the provisions of the Purchase Agreement shall control.

4. Further Assurances. Company and Purchaser shall execute and deliver such further instruments of sale, transfer and assignment or assumption as may be reasonably requested by the other to vest in Purchaser such title to such Filed Intellectual Property and to consummate the assumption thereof, and to otherwise fulfill and discharge each party's obligations of conveyance and discharge hereunder and under the Purchase Agreement.

5. Successors and Assigns; Benefit and Binding Effect. The terms and conditions of this Agreement shall be binding upon and inure to the benefit of successors and permitted assigns of Purchaser and Company under the Purchase Agreement.

6. Governing Law. This Agreement shall be governed by and construed in accordance with the Legal Rules of the State of California applicable to contracts made and to be performed wholly therein. All costs and expenses (including reasonable attorneys' fees and expenses) of each party in any action brought under this Agreement or any of the other agreements contemplated hereby shall be borne and paid in accordance with the determination of the trier of fact in such action, who shall take into account in such determination which party (if any) has prevailed.
