PATENT ASSIGNMENT

This Patent Assignment (the "Assignment") is made as of July 4, 2009 by and between Newport Corporation, a Nevada corporation, with principal offices at 1791 Deere Avenue, Irvine, California 92606 ("Newport") and New Focus, Inc., a Delaware corporation ("Assignee").

RECITALS

WHEREAS, Newport and the Assignee are parties to that certain Newport Asset Purchase Agreement dated June 2, 2009 (the "Asset Purchase Agreement"), pursuant to which Newport agreed to sell and transfer to the Assignee (or at the Assignee's sole discretion to an affiliate entity of the Assignee) certain assets of Newport, including the patents and patent applications set forth on Schedule 1 hereto; and

WHEREAS, to effect the transfer of such patents and patent applications in accordance with the Asset Purchase Agreement, the parties desire to enter into this Patent Assignment.

NOW, THEREFORE, in consideration of the terms, covenants and conditions hereinafter set forth, the parties hereto agree as follows:

- 1. Definitions.** All capitalized terms used as defined terms herein or in Schedule 1 hereto and not otherwise defined herein shall have the meanings set forth in the Asset Purchase Agreement.
- 2. Assignment.** For good and valuable consideration, receipt of which is hereby acknowledged, Newport hereby sells, assigns, transfers, delivers, conveys and sets over to Assignee, all right, benefit, title, and interest in and to the patents and patent applications listed on Schedule 1 hereto (collectively, the "Patents"), and all future patents that may be granted therefrom throughout the world, and any and all reissue(s), reexamination(s), extension(s), renewal(s), substitution(s), conversion(s), confirmation(s), and the like of any of such Patents (collectively, the "Future Patents" and together with the Patents, the "Assigned Patents"), provided, however, that Newport does not transfer or assign the following, and none of the following shall be part of the Assigned Patents: (a) any Claims against other Persons to the extent related to the Assigned Patents and relating to periods prior to the Closing; and (b) all rights of indemnity, rights of contribution, rights of refunds, rights of reimbursement and other rights of recovery to the extent related to the Assigned Patents and relating to periods prior to the Closing.
- 3. Further Assurances.**
 - 3.1 Newport hereby covenants and agrees, and binds any and all successors and assigns, at Assignee's sole expense, to execute and deliver to Assignee any and all additional petitions, oaths, assignments, or other papers or instruments that may be reasonably requested by Assignee for the purpose of implementing this Assignment.
 - 3.2 Newport hereby authorizes and empowers Assignee to invoke and claim

for any application or patent included within the Assigned Patents the benefit of any rights to which Newport might be entitled under international law or under the laws of any particular country, and to invoke and claim such rights without further written or oral authorization from Newport.

3.3 Newport hereby authorizes the Assignee to request that the United States Patent and Trademark Office and other patent offices throughout the world issue all Future Patents, insofar as Newport's interest is concerned, to Assignee.

4. Conflicting Provisions. In the event that any provision of this Assignment is construed to conflict with a provision of the Asset Purchase Agreement, the provision in the Asset Purchase Agreement shall be deemed controlling.

[Signature page follows]

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be executed and delivered by their duly authorized officers as of the date first above written.
