NUNC PRO TUNC PATENT ASSIGNMENT

WHEREAS, Preferred Voice, Inc., having a principal place of business at 6500 Greenville Avenue, Suite 330, Dallas, Texas 75206 ("Assignor"), is the exclusive owner of all right, title and interest in and to the United States Patent Applications (the "Patent Applications") listed on Exhibit A attached hereto; and

WHEREAS, ClearSky Mobile Media, Inc., a Delaware corporation, having a principal place of business at 390 North Orange Avenue, Suite 1295, Orlando, Florida 32801 ("Assignee"), is desirous of acquiring the entire right, title and interest in, to and under said Patent Applications and the inventions described in and covered thereby ("Inventions").

NOW, THEREFORE, in consideration of the sum of ten dollars (\$10.00) and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, its successors and assigns, *nunc pro tunc* effective as of September 1, 2010 (the "Effective Date"), all right, title and interest in and to the Patent Applications and Inventions, and any patents which may be granted on the Patent Applications and Inventions, including all divisionals, continuations, continuations-in-part, re-exams, re-issues and extensions thereof, and all rights of priority resulting from the filing of the Patent Applications including all right, title and interest in and to any and all improvements to the Inventions described in and covered by the Patent Applications and any and all other inventions or improvements disclosed in the Patent Applications; and all right, title and interest in and to any counterparts or legal equivalents thereof in a foreign country, including the right to claim priority under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperative Union, European Patent Convention, Common Market Convention, or any other Convention or Union for each

country of said Convention or Union; and all rights of priority resulting from the filing of the Patent Application, the same to be held and enjoyed by Assignee, its successors and assigns, for their own use and enjoyment, to the end of the term or terms of such patents as may be granted on the Patent Applications or on any other application claiming any right of priority to the Patent Applications, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made; together with and including without limitation any and all claims for damages by reason of past infringement of any such Patents, with the right to sue for and collect the same for the sole and exclusive use and enjoyment of Assignee, its successors, assigns or other legal representatives.

AND, FURTHER, Assignor does hereby authorize and request any official whose duty it is to issue patents to issue any and all patents on the Inventions or resulting from the Patent Applications, or any divisions, continuations, continuations-in-part, or re-issues thereof to Assignee, as assignee of the entire interest, and hereby covenants that it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreements inconsistent herewith.

This instrument and the assignment effected hereunder are effective as of the Effective Date.

Exhibit A is expressly incorporated herein by reference in its entirety to form part of this instrument.
