### ASSIGNMENT

WHEREAS, CHEMPFREE CORPORATION, is an assignee of record on the US Patent Application Serial No. 08/841,463, Filed April 22, 1997, entitled PARTS WASHING SYSTEM (The "Application");

WHEREAS, CHEMPFREE CORPORATION, hereinafter called "Chemfree", desires to acquire joint right, title and interest in the patent application identified above, and all patents which may be obtained from said application in designated countries, as set forth below;

WHEREAS, ADVANCED BIOREMEDIATION SYSTEMS, INC., a corporation organized and existing under the laws of the State of Delaware, having a place of business at 3070 Business Park Drive, Norcross, Georgia 30071 hereinafter called "ABS", desires to acquire joint right, title and interest in the patent application identified above, and all patents which may be obtained from said application in designated countries, as set forth below;

NOW, THEREFORE, for good and valuable, and legally sufficient consideration, the receipt and sufficiency of which is hereby acknowledged, Chemfree has coassigned and by these presents does coassign to ABS and Chemfree, in full and undivided equal interests, the entire right, title and interest which Chemfree has in and to (1) any and all inventions identified in and/or disclosed in the Application, (2) the Application, (3) any and all United States applications or patents arising from the Application, (4) any and all divisional and continuing applications, and reissues arising from or related to the Application, (5) any and all applications or patents arising from the Application in countries foreign to the United States, including, but not limited to, those applications or patents in those countries designated in the Application, to have and to hold for the joint use and benefit of ABS and Chemfree, their successors and assigns, to the full end of the term or terms for all such patents.

The respective right, title and interest of ABS and Chemfree, as it relates to each and any country, shall be subject to and must be construed in accordance with that Settlement Agreement executed October 14, 1996, between ABS and Chemfree.

Chemfree hereby covenants and agrees, for both ABS and Chemfree's legal representatives, that ABS and Chemfree will cooperate in the prosecution of the Application; and in the prosecution of any interferences or oppositions which may arise involving the Application or patents arising therefrom; and that Chemfree will execute and file any and all additional papers which may be requested by the individual countries to carry out the terms of this Assignment.

IN WITNESS WHEREOF, Chemfree has executed this agreement.
