In consideration of the sum of one dollar (\$1.00) and other good and valuable consideration as set forth in the Assignment Agreement, the receipt and sufficiency of which are hereby acknowledged by Assignor, Assignor hereby conveys, assigns and delivers to Assignee, its successors and assigns, and Assignee hereby accepts, Assignor's entire right, title and interest in, to and under the Patents (including any continuation, division, renewal, substitute, reissue or extension therefore anywhere in the world) the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by the Assignor if this Assignment and sale had not been made including, without limitation, the exclusive rights to (a) apply for and maintain all registrations, renewals and/or extensions thereof, (b) prosecute any pending applications and have the same issue in the name of the Assignee and (c) bring actions and recover damages for past, present and future infringement thereof.

The Assignor hereby authorizes and requests that all national governments and authorities that have issued the Patents to issue, record and memorialize this Assignment with regard to all of the Patents and, with respect to any pending patent application, to have the same issued in the name of Assignee.

Assignor agrees, upon reasonable request, without further payment or compensation by Assignee or its successors or assigns: to provide all further reasonable cooperation, including taking such further action and executing such additional documents, which Assignee, its successors and assigns reasonably determines is necessary to record and fully effect the transfer of patent rights made herein.

IN WITNESS WHEREOF, the Assignor and the Assignee have caused this Patent Assignment to be duly executed as of the date set forth below.
