ASSIGNMENT

This Assignment made by David M. Clapper of Atherton, California, Assignor, to CABOCHON AESTHETICS, INC., a Delaware corporation, Assignee, having a place of business at 127 Independence Drive, Menlo Park, California 94025, is effective, nunc pro tunc, as of May 25, 2010.

WHEREAS, Assignor has invented a new and useful FLUID JET DISSECTION SYSTEM AND METHOD FOR REDUCING THE APPEARANCE OF CELLULITE, for which an application for United States Letters Patent was filed on May 25, 2010, under Application No. 12/787,377;

WHEREAS, Assignor believes himself to be an original and joint inventor of the invention disclosed and claimed in said application for Letters Patent;

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said invention, said application, and any Letters Patent that may be granted for said invention in the United States and throughout the world; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, his successors and assigns, the entire right, title and interest in and to the improvements of said invention, and any and all applications for patent and patents therefor in any and all countries, including all divisions, reissues, continuations, renewals, substitutions, reexaminations and extensions thereof, together with the right to sue for past infringement of any of the foregoing and all rights of priority resulting from the filing of said United States patents and applications, and authorize and request any official whose duty it is to issue patents, to issue any patent on said improvements or resulting therefrom to said Assignee, or his successors or assigns and agree that on request and without further consideration, but at the expense of Assignee, Assignor will communicate to said Assignee, or its representative or nominees, any facts known to Assignor respecting said improvements and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee its successors, assigns and nominees, to obtain and enforce proper patent protection for said inventions in all countries. Assignor convene with said
Assignee, its successors and assigns, that the rights and property hereby covered are free and clear of any encumbrances, and that they have full rights to convey the same as herein expressed.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorize and request the Commissioner of Patents and Trademarks of the United States to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written herein below.

Date: 12/11/2010
