RELEASE OF PATENT SECURITY AGREEMENT
AND SECURITY INTERESTS

THIS RELEASE OF PATENT SECURITY AGREEMENT AND SECURITY INTERESTS (this "Release") is entered into as of December 14, 2010, by Cratos Capital Management, LLC (the "Agent") under that certain Patent Collateral Assignment and Security Agreement (the "Agreement") executed September 22, 2006 and as confirmed on March 11, 2008, between the Agent and CSP Technologies, Inc. ("CSP").

WHEREAS, to secure the prompt payment and performance of the Obligations to Agent and the other Lenders, Agent was granted by the Agreement a security interest by CSP in certain patents listed on Exhibit A hereto, recorded with the United States Patent and Trademark Office; and

WHEREAS, Agent has received consideration for a full and complete release of the security interest and liens on the patents listed on Exhibit A;

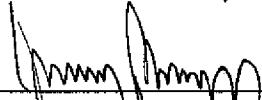

NOW THEREFORE, Agent represents and agrees as follows:

1. Agent hereby releases, cancels and terminates all of its right, title and interest in and to the patents listed on Exhibit A, including its security interest and all other rights with respect, and reconveys and assigns to CSP any and all right, title and interest that it may have in and to the Patent Collateral without any representation or warranty (other than a representation and warranty that it has not transferred or assigned its interests in the patents listed on Exhibit A to any third party). Without limiting the generality of the foregoing, this Release is intended to and shall forever terminate and reconvey the irrevocable rights in the patents listed on Exhibit A conveyed to Agent under the Agreement, and to terminate the Agreement with respect to all security interests and liens granted thereunder in the patents listed on Exhibit A. Except with respect to the patents listed on Exhibit A, each Patent Security Agreement shall continue in full force and effect.

2. Agent agrees that hereafter it will not take any action with respect to the patents listed on Exhibit A.

IN WITNESS WHEREOF, Agent has caused this Release to be duly executed by its officer thereunto duly authorized as of the date hereof.
