## PATENT ASSIGNMENT

WHEREAS, MUREX SECURITIES LIMITED (I.O.M.), a private limited company incorporated under the Companies Act, 1931 to 1993, having an address at 8 Myrtle Street, Douglas, Jersey (the "Assignor"), holds in trust the United States patents and patent applications set forth on page attached hereto (the "Patents"); and

WHEREAS, TARGUS INFORMATION CORPORATION, a corporation organized under the laws of the State of Delaware, having an address at 8010 Towers Crescent Drive, Fifth Floor, Vienna, VA 22182 (the "Assignee"), desires to acquire the entire right, title and interest in and to the Patents, any patent applications which have been obtained or which may be obtained in the United States claiming priority to the Patents, and the right to recover damages for any infringement thereof;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign, transfer and set over unto Assignee, its heirs and assigns the entire right, title and interest in and to the Patents, any patent applications in the United States; any provisional application, original applications, formal applications, continuation applications, continuations-in-part applications, continued prosecution applications, request for continued examination applications; divisional applications, reissue applications, re-examinations or extensions of any patents of the United States which have been obtained or which may be obtained in the United States claiming priority to the Patents; and all rights of action and damages for any past, present or future infringement relating thereto, including all rights of actions and damages from publication of the patent applications and/or issuance of any patent relating thereto;

Assignor hereby agrees to do, upon Assignee's request and at Assignee's expense, but without any consideration to Assignor, all acts reasonably serving to assure that said inventions and discoveries, and patent applications, and said Patents shall be held and enjoyed by Assignee as fully and completely as if the same could have been held and enjoyed by Assignor, its heirs, legal representatives, and assigns if this Assignment had not been made; and particularly to execute and deliver to Assignee all patent application documents including petitions, specifications, and oaths, and all assignments, declarations, and lawful affidavits in form and substance as may be requested by Assignee; and to communicate to Assignee all facts known to Assignor relating to said inventions and discoveries or the patent applications thereof, and to testify as to the same in any court or proceeding; and to furnish Assignee any and all drawings, photographs, models, samples, and other physical exhibits in its control or in the control of its heirs, legal representatives, or assigns which may be useful for establishing the facts of conception, reduction to practice, and reduction to practice of said inventions and discoveries; and

Assignor requests the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for the Patents to Assignee, its legal representatives, successors or assigns.
