PATENT SECURITY AGREEMENT

This PATENT SECURITY AGREEMENT, dated as of December 30, 2010, is made by each of the entities listed on the signature pages hereof (each a "Grantor" and, collectively, the "Grantors"), in favor of Boston Private Bank & Trust Company ("Lender").

W I T N E S S E T H:

WHEREAS, pursuant to that certain Credit Agreement of even date herewith by and between Diamond Antenna and Microwave Corporation, a Delaware corporation, and Lender (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified in accordance with its terms, the "Credit Agreement"), Lender has agreed to extend credit for the benefit of the Grantors;

WHEREAS, Lender is willing to extend credit under the Credit Agreement, but only upon the condition, among others, that the Grantors shall have executed and delivered to Lender that certain Guarantee and Collateral Agreement of even date herewith (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified in accordance with its terms, the "Collateral Agreement");

WHEREAS, pursuant to the Collateral Agreement, each Grantor is required to execute and deliver to Lender this Patent Security Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. DEFINED TERMS. All capitalized terms used but not otherwise defined herein have the meanings given to them in the Collateral Agreement.

2. GRANT OF SECURITY INTEREST IN PATENT COLLATERAL. Each Grantor hereby grants to Lender a continuing first priority security interest in all of such Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (exclusive of any below-mentioned licenses which, by their terms do not permit the assignment thereof, but solely to the extent that such anti-assignment provisions are effective under the UCC) (collectively, the "Patent Collateral");

(a) all of its Patents and Patent Licenses to which it is a party, including those referred to on Schedule I hereto;

(b) all reissues, continuations or extensions of the foregoing; and

(c) all Proceeds of the foregoing, including, without limitation, any claim by such Grantor against third parties for past, present or future infringement or dilution of any Patent or any Patent licensed under any Patent License.

3. COLLATERAL AGREEMENT. The security interests granted pursuant to this Patent Security Agreement are granted in conjunction with the security interests granted to Lender pursuant to the Collateral Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Lender with respect to the security interest in the Patent Collateral made and granted hereby are more fully set forth in the Collateral Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. AMENDMENTS IN WRITING. None of the terms or provisions of this Patent Security Agreement may be waived, amended, supplemented or otherwise modified except by an instrument in writing signed by Lender and the Grantors.

5. GOVERNING LAW. This Patent Security Agreement and the rights and obligations of the parties hereto shall be governed by the internal laws of the Commonwealth of Massachusetts applicable to contracts made and to be performed entirely within such Commonwealth, without regard to conflict of laws principles.

[Signature pages follow]

IN WITNESS WHEREOF, each Grantor has caused this Patent Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
