DECLARATION

I, **Tae-Yeon SEONG**, a citizen of Republic of Korea residing at #1-911, Hansin Apt., Jamsil-dong, Seocho-gu in Seoul, Republic of Korea, am the original, first, and sole inventor of the subject matter disclosed in U.S. Patent Application Serial No. 12/097,359 titled

OPTICAL DEVICE AND METHOD OF FABRICATING THE SAME.

On or around June 11, 2008, I executed a document ("the Assignment") assigning my entire right, title, and interest in the above invention to Samsung Electronics Co., Ltd. and Sungkyunkwan University Foundation for Corporate Collaboration ("the Foundation"). After execution of the Assignment, I realized that the Foundation should not have been a co-Assignee for this invention and that its name was added to the Assignment by error due to confusion with another case. I did not catch the error at the time the Assignment was signed. Samsung Electronics Co., Ltd. should be the sole Assignee for the subject matter disclosed in the above patent application.
