## ASSIGNMENT

This ASSIGNMENT is made and entered into, as of the date set forth below, by the undersigned in favor of FlashScan3D, LLC, a limited liability corporation, organized under the laws of the State of Texas and having its principal place of business at 100 North Central Expressway, Ste. 910, Richardson, TX 75080 ("Assignee").

### WITNESSETH:

WHEREAS, pursuant to one or more partnership, incorporation, invention, patent, proprietary information, intellectual property or other similar agreements, the undersigned has agreed to assign and transfer to Assignee certain intellectual property described herein;

NOW, THEREFORE, in consideration of the premises and the mutual promises set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby agrees as follows:

1. The undersigned does hereby assign and transfer to Assignee, the entire right, title and interest in and to any and all inventions which are described in the application for United States Patent identified below and to any and all improvements thereto.
2. The undersigned does hereby assign and transfer to Assignee the entire right, title and interest to all applications (including provisional, divisionals, continuations, substitutions, reissues, and extensions), which have been or shall be filed in the United States and all foreign countries and under the terms of any treaties or conventions (including the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, and the European Patent Convention) relating to said invention and any of said improvements; and in and to all rights of priority resulting from the filing of any such applications.
3. The undersigned agrees that Assignee may apply for and receive patents for said invention and improvements in its own name; and that, when requested, without charge to, but at the expense of, Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all provisional, divisional, continuations, substitutions, reissues, extensions, and all other patent applications on any and all said improvements; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to Assignee, its successors, assigns, and representatives, all facts known to undersigned relating to said inventions and improvements and the history thereof; and generally do everything possible which Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and improvements, and for vesting title to said invention and improvements, and all applications for patents and all patents on said invention and improvements, in Assignee.

The application for patent entitled "*System and Method for Structured Light Illumination with Frame Subwindows*" has been executed by the undersigned on the date(s) indicated.

This Assignment also includes U.S. Provisional Application No. 61/050,903, filed May 6, 2008, entitled "*Subwindowing 3D Object Scanning System and Method*".

IN WITNESS WHEREOF, the undersigned has duly executed this Assignment on the date indicated below:
