ASSIGNMENT OF WORLDWIDE RIGHTS

WHEREAS, Magnetic Emission Control AS, having its principal place of business at Gammeistu, Imsroa, N-2480 Koppang Norway, as "Assignor", owns

"A DEVICE FOR PRECONDITIONING OF COMBUSTION AIR"

as described in a patent application for U.S. Letters Patent bearing U.S. Serial No. 10/571,676, which was filed in the U.S. Patent and Trademark Office on March 13, 2006 and U.S. Serial No. 12/693,087, which was filed in the U.S. Patent and Trademark Office on January 25, 2010; and

WHEREAS, Magnetic Emission Control, LLC, a corporation organized and existing under the laws of the State of South Carolina, having its principal place of business at 220 North Church Street, Spartanburg, South Carolina 29306, as "Assignee", is desirous of securing the entire right, title and interest in and to this invention in all countries throughout the world, excluding Norway, Sweden, Finland, Denmark, and Iceland, and in and to the application for United States Letters Patent on this invention and the Letters Patent to be issued upon this application;

NOW, THEREFORE, be it known that for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, as Assignor, have assigned, transferred, and set over, and do hereby assign, transfer, and set over unto the assignee, its lawful successors and assigns, my entire right, title, and interest in and to this invention and this application, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of such applications, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country, excluding Norway, Sweden, Finland, Denmark, and Iceland, and all Letters Patent which may be granted on this invention in any foreign country, excluding Norway, Sweden, Finland, Denmark, and Iceland, and all extensions, renewals, and reissues thereof, and Assignor hereby authorizes and requests the Commissioner for Patents of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this

invention to assignee, its successors and assigns, in accordance with the terms of this Agreement.

AND, I HEREBY covenant that Assignor has the full right to convey the interest assigned by this Assignment, and Assignor has not executed, and will not execute any agreement in conflict with this Assignment;

AND, ASSIGNOR HEREBY further covenants and agrees that Assignor will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to me respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title of this invention in said assignee, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, excluding Norway, Sweden, Finland, Denmark, and Iceland, it being understood that any expense incident to the execution of such papers shall be borne by the assignee, its successors and assigns.
