ASSIGNMENT AND ASSUMPTION OF INTELLECTUAL PROPERTY AGREEMENT

This ASSIGNMENT AND ASSUMPTION OF INTELLECTUAL PROPERTY AGREEMENT (this "Agreement") is dated as of June 25, 2009 by and between PYRON SOLAR, INC., a Delaware corporation (the "Assignor"), and ELLIS ENERGY INVESTMENTS, INC. a Delaware corporation (the "Assignee").

WITNESSETH:

WHEREAS, Assignor and Assignee are concurrently herewith executing and delivering an Asset Purchase Agreement dated as of even date herewith (the "Asset Purchase Agreement") pursuant to which, among other things, the Assignor has agreed to sell to the Assignee, and the Assignee has agreed to purchase from the Assignor, substantially all of the assets of the Assignor relating to the Business (as defined in the Asset Purchase Agreement) and to enter into certain other arrangements;

WHEREAS, Assignor owns all right, title and interest in and to its Intellectual Property (as defined in the Asset Purchase Agreement) as well as all of the Assignor's domain names, websites, e-mail addresses, uniform resource locators, listings used in the Business, as well as all rights to receive mail and other communications addressed to the Assignor relating to the Acquired Assets (as defined in the Asset Purchase Agreement), and other agreements and applications with respect to the foregoing, production records, technical information, manufacturing know-how, processes, customer lists, and other intangible assets, including, without limitation, that set forth on Section 4(k) of the Disclosure Schedule to the Asset Purchase Agreement and attached hereto as Schedule 1 (collectively, the "PYRON Intellectual Property"); and

WHEREAS, in connection with the transactions contemplated by the Asset Purchase Agreement, the Assignee and the Assignor desire that all of its right, title and interest in and to the PYRON Intellectual Property be assigned and transferred to the Assignee.

NOW, THEREFORE, in consideration of the foregoing and the other agreements and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby irrevocably acknowledged, the parties hereto agree as follows:

1. Assignment of Intellectual Property Rights.

1.1. Assignment. The Assignor hereby assigns, sells, conveys, delivers and transfers to the Assignee all of its legal or beneficial right, title and interest in and to any and all PYRON Intellectual Property, together with the goodwill of the Business connected with the use (as applicable) and symbolized thereby for its own use and benefit, and for the use and benefit of its successors, assigns and legal representatives. The aforementioned PYRON Intellectual Property to be transferred hereby shall include any pending intent-to-use applications filed pursuant to Section 1(b) of the United States Trademark Act (15 U.S.C. § 1051, *et seq.*). The PYRON Intellectual Property being assigned and transferred pursuant to this Section 1.1 is hereinafter referred to as the "Assigned Intellectual Property."

1.2. Further Assurances.

The Assignor hereby agrees to use its best efforts to assist the Assignee, at the Assignee's request from time to time, to secure the rights assigned hereby and to obtain and/or transfer patent, copyright, trademark, service mark or domain name registrations (and applications therefor), and similar governmental or non-governmental grants confirming or enhancing said rights, and will execute all documents reasonably necessary or appropriate for this purpose.

Promptly following the Closing (as defined in the Asset Purchase Agreement), the Assignor agrees to use its commercially reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary to consummate and make effective the transfer, conveyance and assignment of the domain names listed on Schedule 1 hereto.

In the event that the Assignee is unable for any reason whatsoever to secure the signature of the Assignor to any document reasonably necessary or appropriate for any of the foregoing purposes (including renewals and/or extensions), the Assignor hereby irrevocably designates and appoints the Assignee and its duly authorized officers and agents as agents and attorneys-in-fact to act for and on behalf of Assignor, but only for the purpose of executing and filing any such document and doing all other lawfully permitted acts to accomplish the foregoing purposes with the same legal force and effect as if executed by the undersigned.

2. Royalty.

2.1 Royalty Payments. Ellis Energy Investments, Inc. hereby grants to Pyron Solar, Inc. a royalty on Net Revenues generated by the Assigned Intellectual Property and received by Ellis Energy Investments, Inc. for a period of thirteen (13) years to be calculated as 4% of the first \$30,000,000; 2% of the next \$30,000,000; 1% of the next \$30,000,000; and ½ % of the remainder of Net Revenues generated by the Assigned Intellectual Property and received by Ellis Energy Investments, Inc. during such thirteen (13) year period. Pyron Solar, Inc.'s royalty interest in the Assigned Intellectual Property shall end at 5:00 p.m. on the thirteenth anniversary of the date of this Agreement. Such royalty payments will be paid no later than the 15th day following the end of each calendar quarter calculated on the latter of receipt of payment from Ellis Energy Investments, Inc.'s customers or when recognized per Ellis Energy Investments, Inc.'s standard accounting practices. The term "*Net Revenues*" means gross revenues less 50% of brokers fees, 50% of sales commissions, shipping, freight, sales taxes, delivery charges, tariffs, duties, customs fees and 50% of banking fees. All royalty payments shall be made in Unites States Dollars by check drawn on a U.S. bank.

2.2 One Royalty Payment Per Product. Only one royalty shall be paid hereunder as to a product whether or not it is covered by more than one (1) claim of a patent, by the claims of more than one (1) patent, or by the claims of patents of more than one (1) country.

2.3 Royalty Statements/Audit Rights. Along with each royalty payment, Pyron Solar, Inc. will receive a written royalty statement certified as accurate by a duly authorized officer of Ellis Energy Investments, Inc. reciting, on a country-by-country basis, a description of the units sold, the number of units sold, the price of the units sold, the gross revenues and the deductions

to arrive at Net Revenues. Ellis Energy Investments, Inc. will maintain true and correct books of account containing a record of all information necessary to calculate all payments due in accordance with this Agreement for a period of two (2) years following the issuance of each royalty statement. Pyron Solar, Inc. or its agent shall be entitled, upon not less than ten (10) business days' notice and not more than twice per year, to review and copy such books and records during Ellis Energy Investments, Inc.'s regular business hours for the purpose of verifying the accuracy of the calculation of payments due under this Agreement. Pyron Solar, Inc. shall bear the fees and expenses of any such review; provided, however, that if an underpayment of royalties of more than five percent (5%) of the total amount due for any year is discovered, Ellis Energy Investments, Inc. shall bear the actual and documented fees and expenses of such review and the amount that is found to be due. The receipt or acceptance by Pyron Solar, Inc. of any royalty statement or payment shall not prevent Pyron Solar, Inc. from subsequently challenging the validity or accuracy of such statement or payment. Late payments shall incur interest from the date such payments were originally due at a rate equal to the lesser of .8% per month or the maximum rate permitted by applicable law.

3. Miscellaneous.

3.1. Amendment. No amendment or waiver of any provision of this Agreement shall be effective unless in writing and executed by the parties hereto, in the case of an amendment, or the party entitled to the benefit of the provision to be so waived, in the case of a waiver.

3.2. Notices. Notices shall be provided to the addresses and in the manner provided in the Asset Purchase Agreement.

3.3. Successors and Assigns. This Agreement shall inure to the benefit of, and be binding upon and enforceable against, the parties hereto and their respective successors and assigns. The Assignee may assign any of its rights hereunder to any affiliate of the Assignee, and stockholder or stockholders of the Assignee, any lender or financing source and/or in connection with a sale by Assignee or its assigns of all or substantially all of its assets or all or substantially all of the assets relating to the business conducted by it. In the event the Assignee sells or otherwise transfers the Assigned Intellectual Property, the Assignee shall acquire from such transferee its express assumption of all of Assignee's royalty obligations contained herein. The Assignor may assign any of its rights under Section 2 to any affiliate of the Assignor or any stockholder or stockholders of Assignor.

3.4. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California without giving effect to the principles of conflicts of laws thereof.

3.5. Counterparts. This Agreement may be executed in one or more original or facsimile counterparts, and all counterparts so executed shall constitute one agreement, binding upon the parties hereto, notwithstanding that the parties are not signatory to the same counterpart.

3.6. Entire Agreement. This Agreement (including the documents referred to herein) constitutes the entire agreement among the Parties and supersedes any prior understandings,

agreements, or representations by or among the Parties, written or oral, to the extent they related in any way to the subject matter hereof.

3.7. Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction.

3.8. Submission to Jurisdiction. Each of the Parties submits to the jurisdiction of any state or federal court sitting in the State of California in any action or proceeding arising out of or relating to this Agreement and agrees that all claims in respect of the action or proceeding may be heard and determined in any such court. Each Party also agrees not to bring any action or proceeding arising out of or relating to this Agreement in any other court. Each of the Parties waives any defense of inconvenient forum to the maintenance of any action or proceeding so brought and waives any bond, surety, or other security that might be required of any other Party with respect thereto. Any Party may make service on the other Parties by sending or delivering a copy of the process to the Party to be served at the address and in the manner provided for the giving of notices in §8(f) above. Nothing in this §8(l), however, shall affect the right of any Party to serve legal process in any other manner permitted by law or in equity. Each Party agrees that a final judgment in any action or proceeding so brought shall be conclusive and may be enforced by suit on the judgment or in any other manner provided by law or in equity.

3.9. Attorneys' Fees. If a suit, action, or other proceeding arising out of or related to this Agreement is instituted by any Party to this Agreement, the prevailing party shall be entitled to recover its reasonable attorneys' fees, expert witness fees, and costs (a) incurred in any settlement negotiations, (b) incurred in preparing for, prosecuting, or defending any suit, action, or other proceeding, and (c) incurred in preparing for, prosecuting or defending any appeal or any suit, action, or other proceeding. This section shall survive Closing and shall survive and remain enforceable notwithstanding any rescission of this Agreement or any determination by a court of competent jurisdiction that all or any portion of the remainder of this Agreement is void, illegal, or against public policy.

3.10. Time is of the Essence. Time is of the essence in this Agreement.
