U.S. Patent Application No.
ATTORNEY DOCKET NO. PSDL10-06a

ASSIGNMENT

WHEREAS, GREGORY HOPKINS, a citizen of the United States, whose post office address is 374 North 200 West, Logan, UT, 84321; BLAKE CROWTHER, a citizen of the United States, whose post office address is 223 South 2600 East, Preston, ID 83263; KENDALL JOHNSON, a citizen of the United States, whose post office address is 255 East 850 South, Richmond, UT 84333; and VAUGHN A. GRIFFITHS, a citizen of the United States, whose post office address is 1545 Highland Drive, North Logan, UT 84341 (hereinafter referred to collectively as "Assignor,") have invented a certain new and useful improvement(s) in KINEMATIC OPTIC MOUNT for which a Utility application was filed on Feb 8, 2011 and given U.S. Patent Application No. 13/023,305; (I/we hereby authorize assignee to complete when known) and

WHEREAS, UTAH STATE UNIVERSITY RESEARCH FOUNDATION, (hereinafter referred to as "Assignee,") a corporation of the State of Utah, having a business address of 1695 Research Park Way, North Logan, Utah 84341-1947, is desirous of acquiring the entire right, title, and interest in the same;

NOW, THEREFORE, in consideration of good and valuable consideration paid by Assignee, the receipt and sufficiency whereof is hereby acknowledged, Assignor hereby sells, assigns and conveys to Assignee such Assignor's entire right, title and interest in and to the invention described in the Patent Application, including, but not limited to, the Patent Application itself and all substitute, non-provisional, continuation, continuation-in-part and divisional applications based in whole or in part on the Patent Application, and including all patents resulting there from and all reissues and extensions thereof, and including any and all

rights of priority resulting from the filing of any such applications within the United States and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing there from in the United States and foreign countries. Assignee also hereby acquires the right, power and authority to file and prosecute U.S. and foreign patent applications on the invention(s) listed above in its own name, wherever such right may be legally exercised, including the right to claim the priority and benefits of the International Convention for such applications or patent. Assignee also hereby maintains the right to bring actions for infringement of any right in said invention(s) above in its own name, including past infringement, in any jurisdiction.

It is hereby authorized and requested that the United States Commissioner of Patents and Trademarks, who is duly authorized to issue any and all Letters Patent on said invention, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, recognize and record that Assignee is the owner of the entire right, title, and interest to the inventions listed above, for the sole use and benefit of Assignee, its successors, assigns, and legal representatives, to the full end of the term for which said Letters Patent are, or may be, granted, as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made.

Assignor hereby agrees, without further consideration and without expense to Assignor, to sign all lawful papers and to perform all other lawful acts which the Assignee may request in order to make this Assignment fully effective, including, by way of example but not of limitation, the following: prompt execution of all original, divisional, substitution, reissue, and other United States and foreign patent applications related to the inventions listed above; furnishing of all lawful documents as requested by Assignee to further the prosecution of any of such patent applications; cooperation to the best of Assignor's ability in executing all other

lawful documents pertaining to the inventions listed above; and producing evidence in any actions or proceedings concerning the invention, including, but not limited to, nullification, reissuance, extension, and infringement proceedings involving the inventions listed above.

Assignor represents that it has not transferred, licensed or otherwise granted any rights of any kind in the invention(s), to any other party.

This assignment and agreement shall be binding upon our heirs and legal representatives.

Executed this 4 day of February, 2011, at Logan, Utah.
