ASSIGNMENT

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged that the undersigned,

ASSIGNOR(S): Tamara Hayes, Zachary Beattie, Chad Hagen and
Misha Pavel

hereby sell, assign, and transfer to

ASSIGNEE: Oregon Health & Science University
Office of Technology Transfer and Business Development
2525 SW 1st Avenue, Suite 120
Portland, Oregon 97201

and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all improvements that are disclosed in the application for the United States patent entitled:

METHOD AND APPARATUS FOR ASSESSMENT OF SLEEP DISORDERS

which was filed on July 17, 2009 as
United States Application Number 61/226,483 and

(I hereby authorize and request my attorney, associated with Customer Number 25943, to insert on the designated lines below, the filing date and application number of said application when known.)

the PCT International Application entitled:

METHOD AND APPARATUS FOR ASSESSMENT OF SLEEP DISORDERS

which was filed on July 16, 2010 as
International Application Number PCT/US2010/042342 and

which has been executed by the undersigned prior hereto or concurrently herewith on the date(s) indicated below,

and in and to said applications and all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said

improvements; and in and to all rights of priority resulting from the filing of said United States application and PCT International application;

agree that said Assignee may apply for and receive a patent or patents for said improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said improvements and the history thereof; and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements, and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns, and legal representatives; and

covenant with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
