OP \$80.00 29380180

ASSIGNMENT

WHEREAS, **Darren VanBuuren**, whose post office address is 7880 Concession 7, Grassie, Ontario, Canada L0R 1M0 and **Marc Jean-Luc Beaudry**, whose post office address is 279 De Gascogne, Boucherville Quebec, Canada J4B 7V4 (the "**Inventors**") has made inventions relating to animal housing units and doors therefor, (the "**Inventions**") for which the following applications have been filed (collectively, the "**Applications**"):

- United States Design Patent Application No. 29/380,180 entitled ANIMAL HOUSING UNIT; and
- United States Design Patent Application No. 29/380,184 entitled DOOR;

and for which it is anticipated that applications for European Community Design Registrations and Canadian Industrial Design Registrations will also be filed under the titles ANIMAL HOUSING UNIT and DOOR, claiming priority to the above United States design patent applications, respectively;

AND WHEREAS the **Inventors** consider it to be desirable that **PolyDome Ontario Inc.** ("**PolyDome**"), having an address at 7793 Young St., Grassie, Ontario, Canada, be the sole owner of all rights in, to and in respect of the **Inventions**;

NOW THEREFORE in consideration of the sum of one Canadian dollar (CAD\$1.00) payable by **PolyDome** to each of the **Inventors**, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, the **Inventors**, do hereby sell, assign and transfer to the said **PolyDome**, and assign the whole right, title and interest for the United States of America, Canada, Europe and all other countries and all other places that are not countries, in, to and in respect of the **Inventions** and in, to and in respect of all applications in respect thereof, including the **Applications** and the anticipated applications for European Community Design Registrations and Canadian Industrial Design Registrations, and all Letters Patent and registrations that may be obtained therefor in the United States of America, Canada, the European Community, and all other countries and all other places that are not countries, including all divisional, renewal, substitute, continuation, reissue, re-examination, and Convention applications and any Letters Patent and registrations to issue therefrom, together with every priority right that is or may be predicated upon or arise from the **Inventions**, the **Applications** and the Letters Patent and registrations.

AND, we, the **Inventors**, hereby authorize **PolyDome** to file patent and design applications, in respect of the **Inventions** in any countries and in any places that are not countries, and request that the United States Commissioner of Patents and Trademarks, the Canadian Commissioner of Patents and all other patent, intellectual property and industrial property authorities issue the Letters Patent and registrations to **PolyDome**, the assignee of the entire right, title and interest in and to the **Inventions** for its sole use and benefit; and for the use and benefit of its successors and assigns, to the full end of the term for which any Letters Patent and

registrations in respect of the **Inventions** may be granted, as fully and entirely as the same would have been held by us had this assignment and sale not been made.

AND, we, the **Inventors**, hereby bind ourselves, our legal representatives and assigns to do, upon **PolyDome's** request, but without additional consideration, all acts reasonably serving to assure that the **Inventions**, the said patent applications (including the Applications) and the said Letters Patent and registrations shall be held and enjoyed by **PolyDome** as fully and entirely as the same could have been held and enjoyed by us, our legal representatives and assigns if this assignment had not been made; and particularly to execute and deliver to **PolyDome** all lawful application documents including petitions, specifications and oaths, and all assignments, disclaimers and lawful affidavits in form and substance as may be requested by **PolyDome**; to communicate to **PolyDome** all facts known to use relating to said inventions and discoveries or the history thereof; and to furnish **PolyDome** with any and all documents, photographs, models, samples and other physical exhibits in our control or in the facts or our conceptions, disclosures, and reduction to practice of the **Inventions**.

This agreement shall be governed by the laws of the Province of Ontario, including the federal laws of Canada applicable therein, and the parties each hereby irrevocably attorn to the exclusive jurisdiction of the Courts of the Province of Ontario, including the Federal Court of Canada to the extent the same has jurisdiction in any matter relating to this agreement.
