## ASSIGNMENT

This Assignment made by Shariq Hussain of Vista, California; and Paul M. Elizondo of Escondido, California; Assignors, to MEPS Real-Time, Inc., a Delaware corporation, Assignee, having a place of business at 2875 Loker Avenue East, Carlsbad, California 92010.

WHEREAS, Assignors have invented a new and useful SELF-CONTAINED RFID-ENABLED DRAWER MODULE, for which an application for United States Letters Patent was filed on February 9, 2011 and has Application No. 13/024,146, and for which a provisional application was filed on February 9, 2010 and has Application No. 61/302,912, and for which a continuation-in-part application was filed on December 7, 2009 and has Application No. 12/631,861, and

WHEREAS, Assignors believe themselves to be the original, first, and joint inventors of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title, and interest in and to said invention, said application, and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, for the sum of ten dollars (\$10) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Assignee, the entire right, title, and interest in and to said invention, said application, and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

ASSIGNMENT

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part, or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date written herein below.
