ASSIGNMENT

WHEREAS, Daniel Duane Fritzinger, of the City of Warsaw and State of Indiana, and Paul G. Kiritsis, of the City of Midlothian and State of Virginia, (collectively, "Assignors") invented certain new and useful BONE PLATE HAVING COMBINATION LOCKING AND COMPRESSION SCREW HOLES for which we filed a U.S. Utility Patent Application, Ser. No. 13/019,639 on February 2, 2011 (the "Application");

WHEREAS, Biomet Manufacturing Corporation ("Assignee"), a corporation of the State of Indiana, with a place of business at 56 E. Bell Drive, Warsaw, Indiana 46581, is desirous of acquiring Assignors' entire right, title and interest in and to said Application and the inventions therein disclosed, and any non-provisional U.S. and/or foreign patent applications, including International (PCT) applications, claiming the benefit thereof, and any letters patent that may issue thereon;

NOW, THEREFORE, in exchange for valuable consideration, receipt of which is hereby acknowledged, Assignors hereby sell, assign and transfer unto said Assignee, its successors and assigns, the entire right, title and interest in and to said Application, and the inventions and designs therein disclosed, and any improvements thereon, and any patent or patents that may be issued or reissued on such domestic or foreign patent applications, including International (PCT) applications, and any divisions or continuations of such domestic or foreign patent applications, and Assignors hereby authorize and request the Commissioner of Patents and Trademarks to issue any patent resulting from such domestic patent applications and any continuations, divisions, and/or reissues thereof, to said Assignee, its successors and assigns; and Assignors hereby authorize said Assignee, its successors and assigns, to file in its own name applications for patent in foreign countries in connection with the inventions and designs hereby transferred, under the International Convention claiming priority of said Application or otherwise, and to secure in its own name patent or patents issued thereon; and Assignors hereby agree that, upon request, Assignors will sign all papers, and make all rightful oaths, and do all acts which said Assignee, its successors or assigns, may consider necessary in connection with said Application, and in connection with any other United States or foreign patent applications, including International (PCT) applications, that may be filed in connection with said inventions and designs, and with any improvements thereon, and in connection with any patents issued or reissued thereon.
