ASSIGNMENT

WHEREAS, I/we, Robert J. O'Leary, of 5817 St. Joseph Road, Newark, Ohio 43055, Harry Alter, of 19 Beechtree Lane, Granville, Ohio 43023, and Desmond J. VanHouten, of 58 Zellers Lane, Pataskala, Ohio 43062, have invented an invention titled: CONTAINED FOAM ENVELOPE FOR INSULATING AND SEALING LARGE VOLUMES, for which I/we have executed an application for United States Letters Patent identified by the Docket No. written above; and

WHEREAS, Owens Corning Intellectual Capital, LLC, of One Owens Corning Parkway, Toledo, Ohio 43659, a Delaware corporation ("the Company"), desires to acquire the entire interest in and to the invention and any Letters Patent that may issue for the invention;

THEREFORE, to all whom it may concern, know that, in consideration for the sum of One Dollar (\$1.00) and other valuable consideration paid to us, the receipt of which is acknowledged, I/we, Robert J. O'Leary, Harry Alter, and Desmond J. VanHouten, now sell, assign and transfer to the Company, or its successors or assigns, the entire right, title and interest in and to the invention, including the Application and any continuations, divisions and continuations-in-part derived from the Application, in the United States and all foreign countries, including the right of priority under the International Convention of 1883 and its later modifications, and to any Letters Patent that may issue from the Application or for the invention in any country of the world; and I/we request the Commissioner of Patents and Trademarks of the United States to issue to the Company any Letters Patent that may issue from the Application or for the invention, in accordance with the terms of this assignment.

I/we agree to execute any and all further documents required by the Company, its successors or assigns, for the prosecution of the Application, or of any division, continuation, continuation-in-part, reissue, or reexamination of the Application, or for securing foreign patents covering the invention, and also any further documents required by the Company its successors or assigns to more fully vest in itself the entire right, title, and interest to the invention or to any further application or patent that may be filed or secured on the invention.
