ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, the receipt and sufficiency of which is hereby acknowledged, on this day of March 26, 2009, **Doug Burger**, residing in 5002 Lucas Lane, Austin, Texas 78731; **Stephen W. Keckler**, residing in 11304 Chessington Drive, Austin, Texas 78750; and **Nitya Ranganathan**; residing in 402 West 44th Street, Unit A, Austin Texas, 78751; and (“Assignors”), hereby sell, assign, and transfer to Board of Regents, University of Texas System with offices at The University of Texas at Austin, 3925 West Braker Lane, Suite 1.9A, Austin, Texas 78759 (“Assignee”), the full extent of all right, title, and interest in and to any and all of the following (collectively, the “Rights”):

1. U.S. Patent Application No. 12/329,517 entitled “Control-Flow Prediction Using Multiple Independent Predictors” filed on December 5, 2008, (the “Application”) and Assignors hereby authorize and request legal representative DORSEY & WHITNEY LLP, 250 Park Ave, New York, New York 10177, to insert on this Assignment the filing date and Application Number of the Application when known;

2. All inventions claimed or described in the Application (collectively, “the Inventions”);

3. All rights with respect to the Inventions, including all U.S. patents or other governmental grants or issuances that may be granted with respect to the Inventions or from any direct or indirect divisionals, continuations, continuations-in-part, or other patent applications claiming priority rights from the Application (“Potential Patents”);

5. All reissues, reexaminations, extensions, or registrations of the Potential Patents;

6. All non-United States patents, patent applications, and counterparts relating to any or all of the Inventions, the Application or Potential Patents, including, without limitations, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances (“Foreign Rights”), and including the right to file foreign applications directly in the name of Assignee, its successors and assigns;

7. The right to claim priority rights deriving from the Application;

8. All causes of action and remedies related to any or all of the Application, the Inventions, and Potential Patents, or Foreign Rights (including, without limitation, the right to sue for past, present, or future infringement, misappropriation or violation of rights related to any of the foregoing and the right to collect royalties and other payments under or on account of any of the foregoing); and

9. Any and all other rights and interests arising out of, in connection with, or in relation to the Application, the Inventions, Potential Patents or Foreign Rights.

Assignors will not sign any writing or do any act conflicting with this Assignment, and will sign all documents and do such additional acts as Assignee, its successors, legal representatives, and assigns deem necessary or desirable to perfect enjoyment of the Rights or perfect title to the Rights. Assignors request the respective patent office or governmental agency

in each jurisdiction to issue any and all patents, certificates of invention, utility models, or other governmental grants or issuances that may be granted upon any of the Rights in the name of the Assignee, as the assignee to the entire interest therein.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, legal representatives, and assigns and will be binding upon Assignors, their successors, legal representatives and assigns.
