**PATENT**

**ASSIGNMENT**

THIS ASSIGNMENT, made by **Nextreme Thermal Solutions, Inc.**, a Delaware corporation having a principal office at 3908 Patriot Drive, Suite 140, Durham, North Carolina 27703, hereinafter referred to as the assignor;

WITNESSETH: That,

WHEREAS, the above-named corporation is the owner of the entire, right, title and interest in and to certain new and useful improvements in MEDICAL DEVICES INCORPORATING THERMOELECTRIC TRANSDUCER AND CONTROLLER for which U.S. Application No. **12/693,016** was filed on **January 25, 2010** in the United States Patent and Trademark Office; and

WHEREAS, **Scion NeuroStim, LLC**, a North Carolina corporation having a principal office at 3105 Cone Manor Lane, Raleigh, North Carolina 27613-6606, hereinafter referred to as the assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in said application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the assignor has sold and by these presents do hereby sell, assign, transfer, and convey unto the said assignee, its successors and assigns, assignor's entire right, title, and interest in and to the said invention and application, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereon or therefor, together with the right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

The assignor hereby requests that said Letters Patent be issued in accordance with this assignment.

The assignor further covenants and agrees that, at the time of the execution and delivery of these presents, the assignor possesses assignor's entire right, title, and interest in and to the invention and application above-mentioned, and that the assignor has the unencumbered right and authority to make this assignment.

The assignor further covenants and agrees to communicate to said assignee or its representatives any facts known to me relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said assignee, its successors, assigns, and other legal representatives; and the assignor hereby instructs, and further covenants and agrees to bind its heirs, legal representatives, and assigns, to do same, without further compensation, but at the expense of said assignee or its representatives.

IN WITNESS WHEREOF, the assignor has caused this assignment to be executed this 14<sup>th</sup> day of January, 20 11.
