PATENT APPLICATION

JOINT INVENTORS TO CORPORATION ASSIGNMENT

WHEREAS, Daniel Poulain and Pierre Desreumaux (hereinafter the “Undersigned Inventors”), along with Jean-Luc Simon, Georges Pignede, Pascal Vandekerckove, Arlette Darfeuille-Michaud, and Adeline Sivignon, have invented certain new and useful improvements in:

COMPOSITION FOR HUMAN AND/OR ANIMAL NUTRITION, USES THEREOF AND
YEASTS

and have, along with the other inventors, executed a declaration for an application for a United States patent disclosing and identifying the inventions, said application having Serial Number 12/810,830 and a filing date of June 25, 2010.

WHEREAS, UNIVERSITE DU DROIT ET DE LA SANTÉ LILLE 2 (hereinafter termed “Assignee”), a public university of France, having a place of business at 42, rue Paul Duez, 59800 Lille, France, wishes to acquire the Undersigned Inventors' entire right, title and interest in and to said application and the inventions disclosed therein, and in and to all embodiments of the inventions, heretofore conceived, made or discovered jointly or severally by said Undersigned Inventors (all collectively hereinafter termed “said Inventions”), and in and to any and all patents, certificates of invention and other forms of protection thereon (hereinafter termed “Patents”) applied for or granted in the United States and/or other countries.

NOW THEREFORE, for good and valuable consideration acknowledged by each of said Undersigned Inventors to have been received in full from said Assignee:

1. Said Undersigned Inventors do hereby sell, assign, transfer and convey to said Assignee, the Undersigned Inventors' entire right, title and interest: (a) in and to said application and said Inventions; (b) in and to all rights to apply in any or all countries of the world for patents, certificates of invention or other governmental grants on said Inventions, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of invention or other governmental grants granted on said Inventions in the United States or any other country, including each and every application filed and each and every patent granted on any application

which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

2. Said Undersigned Inventors hereby jointly and severally covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and other countries. Such cooperation by said Undersigned Inventors shall include, but not be limited to, prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee: (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said Inventions; (e) for filing and prosecuting applications for reissue of any of said patents; (f) for interference or other priority proceedings involving said Inventions; and (g) for legal proceedings involving said Inventions and any applications therefore and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Undersigned Inventors in providing such cooperation shall be paid for by said Assignee.

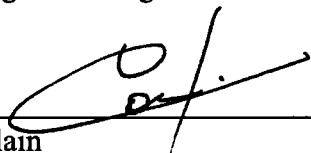

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Undersigned Inventors, their respective heirs, legal representatives, and assigns.

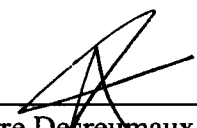

4. Said Undersigned Inventors hereby jointly and severally warrant and represent that said Inventors have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

5. Said Undersigned Inventors hereby jointly and severally consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document which may be required in any country for any purpose. Furthermore, said Undersigned Inventors hereby jointly and severally consent that a copy of this assignment shall be proof of the right of said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International convention which may henceforth be substituted for it.

6. Said Undersigned Inventors hereby covenant with said Assignee, its successors, assigns and legal representatives that the rights and property herein conveyed are free and clear of any encumbrance and that said Inventors have full right to convey the same as herein expressed.

IN WITNESS WHEREOF, said Undersigned Inventors have executed this instrument on the date of acknowledgement as given below and delivered this instrument to said Assignee.
