THIS ASSIGNMENT, made by me, **Justin Terrance Chellew**, a citizen of The United States of America, residing in Bridgewater, NJ;

WITNESSETH: That,

WHEREAS, I am an inventor of certain new and useful improvements in **DISPLAY ASSEMBLIES HAVING INTEGRATED DISPLAY COVERS AND LIGHT PIPES AND HANDHELD POWER TOOLS AND METHODS INCLUDING SAME** for which a Patent Cooperation Treaty (PCT) application has been filed, or is being filed, with the United States Patent and Trademark Office as the International Receiving Office. I hereby authorize and request that Myers Bigel Sibley & Sajovec, P.A. insert here in parentheses the PCT Application No. and the filing date when known ( PCT/US2011/030646 , filed March 31, 2011 ); and

WHEREAS, **Ingersoll-Rand Company**, a New Jersey corporation having a principal place of business at 800-E Bealy Street, Davidson, North Carolina 28036, hereinafter referred to as Assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in said PCT application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and by these presents do hereby sell, assign, transfer, and convey unto the said Assignee, its successors and assigns, the entire right, title, and interest in and to the said invention and PCT application, and in and to any and all subsequent patent applications which claim the benefit of priority from said PCT application including regular utility, continuations, and continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted for the invention in or on applications claiming the benefit of priority from said PCT application, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereof or therefor, together with the right to claim the benefit of priority from said PCT application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by us if this assignment and sale had not been made.

I further covenant and agree that, at the time of the execution and delivery of these presents, I possessed full title to the invention and PCT application above-mentioned, and that I have the unencumbered right and authority to make this assignment.

I further covenant and agree to promptly communicate to said Assignee or its representatives any facts known to us relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the Assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said Assignee, its successors, assigns, and other legal representatives; and I hereby instruct, and further covenant and agree to bind my heirs, legal representatives, and assigns, to do same, without further compensation, but at the expense of said Assignee or its representatives.
